NOTES TO FINANCIAL STATEMENTS

Note 1 - Summary of Significant Accounting Policies

A. Accounting Practices:

United States Fidelity and Guaranty Company (the Company) prepares its statutory financial statements in conformity with accounting practices prescribed or permitted by the State of Maryland. The State of Maryland requires that insurance companies domiciled in Maryland prepare their statutory basis financial statements in accordance with the National Association of Insurance Commissioners (NAIC) *Accounting Practices and Procedures Manual*, subject to any deviations prescribed or permitted by the Maryland Insurance Commissioner. The impact of any permitted accounting practices on statutory surplus was not material.

Note 20 – Other Items

Due to an error in the classification of case versus IBNR reserves at December 31, 2008, the amount of such reserves reported in the underwriting exhibits of the Company's 2008 Annual Statement for the commercial multiple peril (CMP) line, and in the all lines total was incorrect; however, the amount of total reserves reported was correct. The misclassification resulted in an understatement of \$7,570,000 in the Company's total net case basis losses and defense and cost containment (L&DCC) unpaid for CMP (all in accident year 2008), and a corresponding overstatement in the Company's IBNR L&DCC unpaid. This misclassification had no impact on the total case basis plus IBNR reserves by line and by accident year.

The misclassification has been corrected in the Company's March 31, 2009 Quarterly Statement and had no impact on net income, surplus or total liabilities in the December 31, 2008 or March 31, 2009 financial statements.

NOTES TO FINANCIAL STATEMENTS

Note 24 – Changes in Incurred Losses and Loss Adjustment Expenses

During the period from December 31, 2008 to March 31, 2009, reserves for incurred losses and loss adjustment expenses for claims arising in prior years decreased by \$8,756,000, resulting from better than expected loss development for recent accident years in the other liability – occurrence, product liability - occurrence, commercial multi-peril, commercial auto liability, special property, and homeowners lines. The improvement in the other liability – occurrence, product liability – occurrence and commercial multi-peril lines was attributable to several factors, including improved legal and judicial environments, as well as enhanced risk control, underwriting and claim process initiatives. The commercial auto liability line of business experienced better than expected loss development which was attributable to more favorable legal and judicial environments, claim handling initiative focused on the automobile line of insurance and improvement in auto safety technology. The special property improvement occurred in the latter part of the 2008 accident year as a result of better than expected claim emergence trends in the inland marine line of business. The improvement in the homeowners line primarily reflected favorable loss experience related to Hurricanes Katrina and Ike.

The remaining changes are generally the result of ongoing analyses of recent loss data and trends. A portion of the change from prior year effects relates to retrospectively rated policies and will not have a material impact on surplus due to accompanying premium adjustments.
