NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. BASIS OF PRESENTATION AND ACCOUNTING POLICIES

Basis of Presentation

The interim consolidated financial statements include the accounts of The Travelers Companies, Inc. (together with its subsidiaries, the Company). These financial statements are prepared in conformity with U.S. generally accepted accounting principles (GAAP) and are unaudited. In the opinion of the Company's management, all adjustments necessary for a fair presentation have been reflected. Certain financial information that is normally included in annual financial statements prepared in accordance with GAAP, but that is not required for interim reporting purposes, has been omitted. All material intercompany transactions and balances have been eliminated. The accompanying interim consolidated financial statements and related notes should be read in conjunction with the Company's consolidated financial statements and related notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014 (the Company's 2014 Annual Report).

The preparation of the interim consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the interim consolidated financial statements and the reported amounts of revenues and claims and expenses during the reporting period. Actual results could differ from those estimates. Certain reclassifications have been made to the 2014 financial statements to conform to the 2015 presentation.

Adoption of Accounting Standards Updates

Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity

In April 2014, the Financial Accounting Standards Board (FASB) issued revised guidance to reduce diversity in practice for reporting discontinued operations. Under the previous guidance, any component of an entity that was a reportable segment, an operating segment, a reporting unit, a subsidiary or an asset group was eligible for discontinued operations presentation. The revised guidance only allows disposals of components of

an entity that represent a strategic shift (e.g., disposal of a major geographical area, a major line of business, a major equity method investment or other major parts of an entity) and that have a major effect on a reporting entity's operations and financial results to be reported as discontinued operations. The revised guidance also requires expanded disclosure in the financial statements for discontinued operations as well as for disposals of significant components of an entity that do not qualify for discontinued operations presentation. The updated guidance was effective for the quarter ending March 31, 2015. The adoption of this guidance did not have any effect on the Company's results of operations, financial position or liquidity.

Accounting Standards Not Yet Adopted

Amendments to the Consolidation Analysis

In February 2015, the FASB issued updated guidance that makes targeted amendments to the current consolidation accounting guidance. The update is in response to accounting complexity concerns, particularly from the asset management industry. The guidance simplifies consolidation accounting by reducing the number of approaches to consolidation, provides a scope exception to registered money market funds and similar unregistered money market funds and ends the indefinite deferral granted to investment companies from applying the variable interest entity guidance.

The updated guidance is effective for annual and interim periods beginning after December 15, 2015. The adoption of this guidance is not expected to have a material effect on the Company's results of operations, financial position or liquidity.

Simplifying the Presentation of Debt Issuance Costs

In April 2015, the FASB issued updated guidance to clarify the required presentation of debt issuance costs. The amended guidance requires that debt issuance costs be presented in the balance sheet as a direct reduction from the carrying amount of the recognized debt liability, consistent with the treatment of debt discounts. Amortization of debt issuance costs is to be

reported as interest expense. The recognition and measurement guidance for debt issuance costs are not affected by the updated guidance. The updated guidance is effective for reporting periods beginning after December 15, 2015. Early adoption is permitted. The updated guidance is consistent with the Company's accounting policy and its adoption will not have any effect on the Company's results of operations, financial position or liquidity.

Simplifying the Accounting for Measurement-Period Adjustments

In September 2015, the FASB issued updated guidance regarding business combinations that requires an acquirer to recognize post-close measurement adjustments for provisional amounts in the period the adjustment amounts are determined rather than retrospectively. The acquirer is also required to recognize, in the same period's financial statements, the effect on earnings of changes in depreciation, amortization, or other income effects, if any, as a result of the provisional amount, calculated as if the accounting had been completed at the acquisition date. The updated guidance is to be applied prospectively effective for annual and interim periods beginning after December 15, 2015. In connection with business combinations which have already been completed, the adoption of this guidance is not expected to have a material effect on the Company's results of operations, financial position or liquidity.

Additional Accounting Standards Not Yet Adopted

Revenue from Contracts with Customers

In July 2015, the FASB deferred the effective date of the updated guidance on revenue recognition by one year to the quarter ending March 31, 2018. The adoption of this guidance is not expected to have a material effect on the Company's results of operations, financial position or liquidity.

For additional information regarding *Revenue from Contracts with Customers* and other accounting standards that the Company has not yet adopted, see the "Accounting Standards Not Yet Adopted" section of note 1 of notes to the consolidated financial statements in the Company's 2014 Annual Report.

Nature of Operations

The Company is organized into three reportable business segments: Business and International Insurance; Bond & Specialty Insurance; and Personal Insurance. These segments reflect the manner in which the Company's businesses are currently managed and represent an aggregation of products and services based on type of customer, how the business is marketed and the manner in which risks are underwritten. For more information regarding the Company's nature of operations, see the "Nature of Operations" section of note 1 of notes to the consolidated financial

3. INVESTMENTS, Continued

Unrealized losses for all fixed maturities and equity securities reported at fair value for which fair value is less than 80% of amortized cost at September 30, 2015 totaled \$52 million, representing less than 1% of the combined fixed maturity and equity security portfolios on a pretax basis and less than 1% of shareholders' equity on an after-tax basis.

Impairment Charges

Impairment charges included in net realized investment gains in the consolidated statement of income were \$14 million and \$10 million for the three months ended September 30, 2015 and 2014, respectively, and \$23 million and \$20 million for the nine months ended September 30, 2015 and 2014, respectively.

The cumulative credit component of other-than-temporary impairments (OTTI) on fixed maturities recognized in the consolidated statement of income for which a portion of the OTTI was recognized in other comprehensive income for fixed maturities held at September 30, 2015 and 2014 totaled \$86 million and \$105 million, respectively, representing less than 1% of the fixed maturity portfolio on a pretax basis and less than 1% of shareholders' equity on an after-tax basis at both dates. There were no significant changes in the credit component of OTTI during the three months and nine months ended September 30, 2015 and 2014 from that disclosed in note 3 of notes to the consolidated financial statements in the Company's 2014 Annual Report.

Derivative Financial Instruments

From time to time, the Company enters into U.S. Treasury note futures contracts to modify the effective duration of specific assets within the investment portfolio. U.S. Treasury futures contracts require a daily mark-to-market and settlement with the broker. At September 30, 2015 and December 31, 2014, the Company had \$450 million and \$350 million notional value of open U.S. Treasury futures contracts, respectively. Net realized investment gains (losses) in the three months ended September 30, 2015 and 2014 and the nine months ended September 30, 2015 and 2014 related to U.S. Treasury futures contracts were not significant.

4. FAIR VALUE MEASUREMENTS

The Company's estimates of fair value for financial assets and financial liabilities are based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets and requires that observable inputs be used in the valuations when available. The disclosure of fair value estimates in the fair value accounting guidance hierarchy is based on whether the significant inputs into the valuation are observable. In determining the level of the hierarchy in which the estimate is disclosed, the highest priority is given to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs that reflect the Company's significant market assumptions. The level in the fair value hierarchy within which the fair value measurement is reported is based on the lowest level input that is significant to the measurement in its entirety. The three levels of the hierarchy are as follows:

- Level 1 - Unadjusted quoted market prices for identical assets or liabilities in active markets that the Company has the ability to access.
- Level 2 - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or valuations based on models where the significant inputs are observable (e.g., interest rates, yield curves, prepayment speeds, default rates, loss severities, etc.) or can be corroborated by observable market data.
- Level 3 - Valuations based on models where significant inputs are not observable. The unobservable inputs reflect the Company's own assumptions about the inputs that market participants would use.

4. FAIR VALUE MEASUREMENTS, Continued

Valuation of Investments Reported at Fair Value in Financial Statements

The Company utilized a pricing service to estimate fair value measurements for approximately 98% of its fixed maturities at both September 30, 2015 and December 31, 2014.

While the vast majority of the Company's fixed maturities are included in Level 2, the Company holds a number of municipal bonds and corporate bonds which are not valued by the pricing service and estimates the fair value of these bonds using an internal pricing matrix with some unobservable inputs that are significant to the valuation. Due to the limited amount of observable market information, the Company includes the fair value estimates for these particular bonds in Level 3. The fair value of the fixed maturities for which the Company used an internal pricing matrix was \$177 million and \$92 million at September 30, 2015 and December 31, 2014, respectively. Additionally, the Company holds a small amount of other fixed maturity investments that have characteristics that make them unsuitable for matrix pricing. For these fixed maturities, the Company obtains a quote from a broker (primarily the market maker). The fair value of the fixed maturities for which the Company received a broker quote was \$93 million and \$140 million at September 30, 2015 and December 31, 2014, respectively. Due to the disclaimers on the quotes that indicate that the price is indicative only, the Company includes these fair value estimates in Level 3.

For more information regarding the valuation of the Company's fixed maturities, equity securities and other investments, see note 4 of notes to the consolidated financial statements in the Company's 2014 Annual Report.

Fair Value Hierarchy

The following tables present the level within the fair value hierarchy at which the Company's financial assets and financial liabilities are measured on a recurring basis at September 30, 2015 and December 31, 2014. An investment transferred between levels during a period is transferred at its fair value as of the beginning of that period.

4. FAIR VALUE MEASUREMENTS, Continued

The Company utilized a pricing service to estimate fair value for approximately 98% of short-term securities at both September 30, 2015 and December 31, 2014. For a description of the process and inputs used by the pricing service to estimate fair value, see the "Fixed Maturities" section in note 4 of notes to the consolidated financial statements in the Company's 2014 Annual Report.

The Company utilized a pricing service to estimate fair value for 100% of its debt, including commercial paper, at September 30, 2015 and December 31, 2014.

The Company had no material assets or liabilities that were measured at fair value on a non-recurring basis during the nine months ended September 30, 2015 or twelve months ended December 31, 2014.

5. GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill

The following table presents the carrying amount of the Company's goodwill by segment at September 30, 2015 and December 31, 2014:

7. DEBT

On August 25, 2015, the Company issued \$400 million aggregate principal amount of 4.30% senior notes that will mature on August 25, 2045. The net proceeds of the issuance, after original issuance discount and the deduction of underwriting expenses and commissions and other expenses, totaled approximately \$392 million. Interest on the senior notes is payable semi-annually in arrears on February 25 and August 25, commencing on February 25, 2016. Prior to February 25, 2045, the senior notes may be redeemed, in whole or in part, at the Company's option, at any time or from time to time, at a redemption price equal to the greater of (a) 100% of the principal amount of any senior notes to be redeemed or (b) the sum of the present values of the remaining scheduled payments of principal and interest on any senior notes to be redeemed (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the then current rate of a treasury security having a maturity comparable to the remaining term of these senior notes, plus 25 basis points. On or after February 25, 2045, the senior notes may be redeemed, in whole or in part, at the Company's option, at any time or from time to time, at a redemption price equal to 100% of the principal amount of any senior notes to be redeemed.

8. COMMON SHARE REPURCHASES

During the three months and nine months ended September 30, 2015, the Company repurchased 7.3 million and 20.8 million shares, respectively, under its share repurchase authorization, for a total cost of \$750 million and \$2.15 billion, respectively. The average cost per share repurchased was \$102.81 and \$103.48, respectively. At September 30, 2015, the Company had \$4.33 billion of capacity remaining under its share repurchase authorization. In addition, the Company acquired 5,768 and 0.7 million shares for a total cost of \$0.6 million and \$73 million during the three months and nine months ended September 30, 2015, respectively, that were not part of the publicly announced share repurchase authorization. These shares consisted of shares retained to cover payroll withholding taxes in connection with the vesting of restricted stock awards and shares used by employees to cover the exercise price of certain stock options that were exercised.

12. CONTINGENCIES, COMMITMENTS AND GUARANTEES

Contingencies

The major pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the Company or any of its subsidiaries is a party or to which any of the Company's properties is subject are described below.

Asbestos and Environmental Claims and Litigation

In the ordinary course of its insurance business, the Company has received and continues to receive claims for insurance arising under policies issued by the Company asserting alleged injuries and damages from asbestos- and environmental-related exposures that are the subject of related coverage litigation. The Company is defending asbestos- and environmental-related litigation vigorously and believes that it has meritorious defenses; however, the outcomes of these disputes are uncertain. In this regard, the Company employs dedicated specialists and aggressive resolution strategies to manage asbestos and environmental loss exposure, including settling litigation under appropriate circumstances. Currently, it is not possible to predict legal outcomes and their impact on the future development of claims and litigation relating to asbestos and environmental claims. Any such development will be affected by future court decisions and interpretations, as well as changes in applicable legislation. Because of these uncertainties, additional liabilities may arise for amounts in excess of the Company's current reserves. In addition, the Company's estimate of ultimate claims and claim adjustment expenses may change. These additional liabilities or increases in estimates, or a range of either, cannot now be reasonably estimated and could result in income statement charges that could be material to the Company's results of operations in future periods.

Settlement of Asbestos Direct Action Litigation

In January 2015, pursuant to an order issued by the federal bankruptcy court, the Company made a payment in the amount of \$579 million for the settlement of litigation that had commenced in 2001 related to the handling and settlement of

THE TRAVELERS COMPANIES, INC. AND SUBSIDIARIES

12. CONTINGENCIES, COMMITMENTS AND GUARANTEES, Continued

asbestos claims. The payment was fully accrued in the Company's financial statements at December 31, 2014 and was comprised of the \$502 million settlement amounts, plus pre- and post-judgment interest totaling \$77 million. For further information related to this litigation, see "Settlement of Asbestos Direct Action Litigation" in note 16 of notes to the consolidated financial statements in the Company's 2014 Annual Report.

Other Proceedings Not Arising Under Insurance Contracts or Reinsurance Agreements

The Company is involved in other lawsuits, including lawsuits alleging extra-contractual damages relating to insurance contracts or reinsurance agreements, that do not arise under insurance contracts or reinsurance agreements. The legal costs associated with such lawsuits are expensed in the period in which the costs are incurred. Based upon currently available information, the Company does not believe it is reasonably possible that any such lawsuit or related lawsuits would be material to the Company's results of operations or would have a material adverse effect on the Company's financial position or liquidity.

Gain Contingency

On August 17, 2010, in a reinsurance dispute in New York state court captioned *United States Fidelity & Guaranty Company v. American Re-Insurance Company, et al.*, the trial court granted summary judgment for United States Fidelity and Guaranty Company (USF&G), a subsidiary of

the Company, and denied summary judgment for American Re-Insurance Company, a subsidiary of Munich Re (American Re), and three other reinsurers. That summary judgment was largely affirmed on appeal, but the Court of Appeals remanded the case for trial on two discrete issues. On June 3, 2015, the trial court entered orders on pretrial motions filed by all parties in advance of the August 3, 2015 trial date and determined that the issues for trial will be limited to those remanded by the Court of Appeals. The reinsurers appealed the trial court's orders to the Appellate Division, First Department and were granted a stay of the trial date pending the outcome of their appeal. On August 12, 2015, USF&G filed a motion to dismiss the reinsurers' appeal. The reinsurers' appeal and USF&G's motion to dismiss the appeal were assigned to a panel of Appellate Division judges on October 8, 2015, and will be considered by that panel without oral argument. At September 30, 2015, the claim totaled \$503 million, comprising the \$238 million of reinsurance recoverable plus interest amounting to \$265 million as of that date. Interest will continue to accrue at an annual rate of 9% until the claim is paid. The \$238 million of reinsurance recoverable owed to USF&G under the terms of the disputed reinsurance contract has been reported as part of reinsurance recoverables in the Company's consolidated balance sheet. The interest that would be owed as part of any judgment ultimately entered in favor of USF&G is treated for accounting purposes as a gain contingency in accordance with FASB Topic 450, *Contingencies*, and accordingly has not been recognized in the Company's consolidated financial statements. For additional discussion of this gain contingency, see note 16 of notes to the consolidated financial statements in the Company's 2014 Annual Report.

Other Commitments and Guarantees

Commitments

Investment Commitments — The Company has unfunded commitments to private equity limited partnerships and real estate partnerships in which it invests. These commitments totaled \$1.65 billion and \$1.63 billion at September 30, 2015 and December 31, 2014, respectively.

Guarantees

The maximum amount of the Company's contingent obligation for indemnifications related to the sale of businesses that are quantifiable was \$454 million at September 30, 2015, of which \$2 million was recognized on the balance sheet at that date.

The maximum amount of the Company's obligation for guarantees of certain investments and third-party loans related to certain investments that are quantifiable was \$150 million at September 30, 2015, approximately \$75 million of which is indemnified by a third party. The maximum amount of the Company's obligation related to the guarantee of certain insurance policy obligations of a former insurance subsidiary was \$480 million at September 30, 2015, all of which is indemnified by a third party.

For more information regarding Company guarantees, see note 16 of notes to the consolidated financial statements in the Company's 2014 Annual Report.

13. CONSOLIDATING FINANCIAL STATEMENTS OF THE TRAVELERS COMPANIES, INC. AND SUBSIDIARIES

The following consolidating financial statements of the Company have been prepared pursuant to Rule 3-10 of Regulation S-X. These consolidating financial statements have been prepared from the Company's financial information on the same basis of accounting as the consolidated financial statements. The Travelers Companies, Inc. (excluding its subsidiaries, TRV) has fully and unconditionally guaranteed certain debt obligations of Travelers Property Casualty Corp. (TPC), which totaled \$700 million at September 30, 2015.

Prior to the merger of TPC and The St. Paul Companies, Inc. in 2004, TPC fully and unconditionally guaranteed the payment of all principal, premiums, if any, and interest on certain debt obligations of its wholly-owned subsidiary, Travelers Insurance Group Holdings, Inc. (TIGHI). Concurrent with the merger, TRV fully and unconditionally assumed such guarantee obligations of TPC. TPC is deemed to have no assets or operations independent of TIGHI. Consolidating financial information for TIGHI has not been presented herein because such financial information would be substantially the same as the financial information provided for TPC.

The following discussions of the Company's net income and segment operating income are presented on an after-tax basis. Discussions of the components of net income and segment operating income are presented on a pretax basis, unless otherwise noted. Discussions of net income per common share are presented on a diluted basis.

Overview

Diluted net income per share of \$2.97 in the third quarter of 2015 increased by 10% over diluted net income per share of \$2.69 in the same period of 2014. Net income of \$928 million in the third quarter of 2015 increased by 1% over net income of \$919 million in the same period of 2014. The higher rate of increase in diluted net income per share reflected the impact of share repurchases in recent periods. The increase in net income in the third quarter of 2015 compared with the same period of 2014 primarily reflected the pretax impacts of (i) higher underwriting margins excluding catastrophe losses and prior year reserve development ("underlying underwriting margins") and (ii) higher net favorable prior year reserve development, partially offset by (iii) lower net investment income and (iv) lower net realized investment gains. Net favorable prior year reserve development in the third quarters of 2015 and 2014 was \$199 million and \$113 million, respectively. Catastrophe losses in the third quarters of 2015 and 2014 were \$85 million and \$83 million, respectively. The higher underlying underwriting margins primarily resulted from lower non-catastrophe weather-related losses. Partially offsetting

40

[Table of Contents](#)

this net pretax increase in income was a related increase in income tax expense that included the impact of a lower level of tax-exempt investment income.

Diluted net income per share of \$8.04 in the first nine months of 2015 increased by 6% over diluted net income per share of \$7.60 in the same period of 2014. Net income of \$2.57 billion in the first nine months of 2015 decreased by 3% from net income of \$2.65 billion in the same period of 2014. The percentage increase in diluted net income per share compared with the percentage decrease in net income reflected the impact of share repurchases in recent periods. The decrease in net income primarily reflected the pretax impacts of (i) lower net investment income, (ii) a decline in other revenues and (iii) lower net realized investment gains, partially offset by (iv) lower catastrophe losses, (v) higher net favorable prior year reserve development and (vi) higher underlying underwriting margins. Catastrophe losses in the first nine months of 2015 and 2014 were \$468 million and \$668 million, respectively. Net favorable prior year reserve development in the first nine months of 2015 and 2014 was \$649 million and \$590 million, respectively. The higher underlying underwriting margins primarily resulted from lower non-catastrophe weather-related losses, partially offset by the impact of a first quarter 2014 reduction in the estimated liability for state assessments to be paid by the Company related to workers' compensation premiums due to a change in state law. Partially offsetting this net pretax decrease in income was a related decrease in income tax expense that included the impact of a lower level of tax-exempt investment income and a \$32 million reduction in income tax expense as a result of the resolution of prior year tax matters in the second quarter of 2015.

The Company has insurance operations in Canada, the United Kingdom and the Republic of Ireland, as well as a joint venture in Brazil. Because these operations are conducted in local currencies other than the U.S. dollar, the Company is subject to changes in foreign currency exchange rates. For the three months and nine months ended September 30, 2015 and 2014, changes in foreign currency exchange rates had the impact of lowering the reported line items in the statement of income by insignificant amounts. The impact of these changes was not material to the Company's net income or the Business and International Insurance segment's operating income for the periods reported.

Revenues

Earned Premiums

Earned premiums in the third quarter of 2015 were \$6.03 billion, \$49 million or 1% higher than in the same period of 2014. Earned premiums in the first nine months of 2015 were \$17.85 billion, \$117 million or 1% higher than in the same period of 2014. In the Business and International Insurance segment, earned premiums in the third quarter and first nine months of 2015 were comparable to the same periods of 2014. In the Bond & Specialty Insurance segment, earned premiums in the third quarter and first nine months of 2015 increased by 2% and 1%, respectively, over the same periods of 2014. In the Personal Insurance segment, earned premiums in the third quarter and first nine months of 2015 increased by 2% and 1%, respectively, over the same periods of 2014. Factors contributing to the changes in earned premiums in each segment are discussed in more detail in the segment discussions that follow.

same period of 2014. Investment income from fixed maturity investments in the third quarter and first nine months of 2015 was \$516 million and \$1.57 billion, respectively, \$36 million and \$121 million lower, respectively, than in the same periods of 2014. The decreases primarily resulted from lower long-term reinvestment rates available in the market and a modestly lower amount of fixed income investments that were impacted by the Company's \$579 million payment in the first quarter of 2015 related to the settlement of the Asbestos Direct Action Litigation. Investment income generated by non-fixed maturity investments in the third quarter and first nine months of 2015 was \$105 million and \$287 million, respectively, \$69 million and \$190 million lower, respectively, than in the same periods of 2014 due to lower private equity and hedge fund returns. Private equity

returns for the first nine months of 2015 were impacted by lower valuations for energy-related investments.

Fee Income

The National Accounts market in the Business and International Insurance segment is the primary source of the Company's fee-based business. The changes in fee income in the third quarter and first nine months of 2015, respectively, compared with the same periods of 2014 are discussed in the Business and International Insurance segment discussion that follows.

Net Realized Investment Gains

The following table sets forth information regarding the Company's net realized investment gains.

(in millions)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2015	2014	2015	2014
Net Realized Investment Gains				
Other-than-temporary impairment losses	\$ (14)	\$ (10)	\$ (23)	\$ (20)
Other net realized investment gains	29	50	58	77
Net realized investment gains	\$ 15	\$ 40	\$ 35	\$ 57

Other net realized investment gains in the third quarter and first nine months of 2014 included \$35 million of net realized gains resulting from the sale of substantially all of one of the Company's real estate joint venture investments.

Other Revenues

Other revenues in all periods of 2015 and 2014 primarily consisted of installment premium charges. The first nine months of 2014 also included revenues in the Personal Insurance segment associated with the runoff of the Company's National Flood Insurance Program business that was sold on a renewal rights basis in 2013.

Claims and Expenses

Claims and Claim Adjustment Expenses

Claims and claim adjustment expenses in the third quarter of 2015 were \$3.38 billion, \$138 million or 4% lower than in the same period of 2014, primarily reflecting (i) lower non-catastrophe weather-related losses and (ii) higher net favorable prior year reserve development, partially offset by (iii) the impact of loss cost trends. Catastrophe losses in the third quarter of 2015 primarily resulted from wildfires in California and hail and wind storms in the Midwest region of the United States. Catastrophe losses in the third quarter of 2014 primarily resulted from a wind storm and flooding in the Northeast region of the United States, a hail storm in Colorado and increases to estimated losses related to wind and hail storms that occurred in the second quarter of 2014. Factors contributing to net favorable prior year reserve development in each segment during the third quarters of 2015 and 2014 are discussed in the segment discussions that follow.

Claims and claim adjustment expenses in the first nine months of 2015 were \$10.36 billion, \$301 million or 3% lower than in the same period of 2014, primarily reflecting (i) lower catastrophe losses, (ii) lower non-catastrophe weather-related losses and (iii) higher net favorable prior year reserve development, partially offset by (iv) the impact of loss cost trends. Catastrophe losses in the first nine months of 2015 included the third quarter losses described above, wind and hail storms in several regions of the United States in the second quarter and winter storms in the Mid-Atlantic, Midwestern and Southeastern regions of the United States in the first quarter of 2015. Catastrophe losses in the first nine months of 2014 included the third quarter losses described above, wind and hail storms in several regions of the United States in the second quarter of 2014 and a winter storm in the Mid-Atlantic, Midwestern and Southeastern regions of the United States in the first quarter of 2014. Factors contributing to net favorable prior year reserve development in each segment during these periods are discussed in the segment discussions that follow.

Significant Catastrophe Losses

The following table presents for significant catastrophes that occurred in 2015, 2014 and 2013 the amount of losses incurred in the three months and nine months ended September 30, 2015 and 2014, and the amount of net unfavorable (favorable) prior year reserve development recognized in these periods, as well as the estimated ultimate losses for these significant catastrophes at September 30, 2015 and December 31, 2014. For purposes of the table, a significant catastrophe is an event for which the Company estimates its ultimate losses will be \$100 million or more after reinsurance and before taxes. For the Company's definition of a catastrophe, refer to "Part II—Item 7—Management's Discussion and Analysis of Financial Condition and Results of Operations — Consolidated Overview" in the Company's 2014 Annual Report.

Amortization of Deferred Acquisition Costs

Amortization of deferred acquisition costs in the third quarter and first nine months of 2015 was \$987 million and \$2.91 billion, respectively, comparable to the same periods of 2014. Amortization of deferred acquisition costs is discussed in more detail in the segment discussions that follow.

General and Administrative Expenses

General and administrative expenses in the third quarter of 2015 were \$1.02 billion, \$7 million or 1% lower than in the same period of 2014. General and administrative expenses in the first nine months of 2015 were \$3.04 billion, \$131 million or 4% higher than in the same period of 2014. The increase in the first nine months of 2015 primarily reflected the impact of a \$76 million first quarter 2014 reduction in the estimated liability for state assessments related to workers' compensation premiums. General and administrative expenses are discussed in more detail in the segment discussions that follow.

Interest Expense

Interest expense in the third quarter and first nine months of 2015 was \$94 million and \$278 million, respectively, compared with \$93 million and \$277 million in the same periods of 2014.

Income Tax Expense

Income tax expense in the third quarter of 2015 was \$379 million, \$40 million or 12% higher than in the same period of 2014, which primarily resulted from the \$49 million increase in income before income taxes in the third quarter of 2015 combined with the impact of a lower level of tax-exempt investment income. Income tax expense in the first nine months of 2015 was \$958 million, \$17 million or 2% lower than in the same period of 2014, primarily reflecting a \$32 million reduction in income tax expense in the second quarter of 2015 resulting from the resolution of prior year tax matters and the impact of the \$98 million decrease in income before income taxes in the first nine months of 2015 combined with the impact of a lower level of tax-exempt investment income.

[Table of Contents](#)

The Company's effective tax rates in the third quarter and first nine months of 2015 were 29% and 27%, respectively. In both the third quarter and first nine months of 2014, the Company's effective tax rates were 27%. The effective tax rates in all periods were lower than the statutory rate of 35% primarily due to the impact of tax-exempt investment income on the calculation of the Company's income tax provision. The effective tax rates in the third quarter and first nine months of 2015 included the impact of a lower level of tax-exempt investment income. The effective tax rate in the first nine months of 2015 was reduced by the impact of the resolution of prior year tax matters.

Combined Ratio

The combined ratio of 86.9% in the third quarter of 2015 was 3.1 points lower than the combined ratio of 90.0% in the same period of 2014. The combined ratio of 88.9% in the first nine months of 2015 was 1.4 points lower than the combined ratio of 90.3% in the same period of 2014.

The loss and loss adjustment expense ratio of 55.2% in the third quarter of 2015 was 2.8 points lower than the loss and loss adjustment expense ratio of 58.0% in the same period of 2014. Catastrophe losses accounted for 1.4 points of both the 2015 and 2014 third quarter loss and loss adjustment expense ratios. Net favorable prior year reserve development in the third quarters of 2015 and 2014 provided 3.3 points and 1.9 points of benefit, respectively, to the loss and loss adjustment expense ratio. The loss and loss adjustment expense ratio excluding catastrophe losses and prior year reserve development ("underlying loss and loss adjustment expense ratio") in the third quarter of 2015 was 1.4 points lower than the 2014 ratio on the same basis, primarily reflecting lower non-catastrophe weather-related losses.

The loss and loss adjustment expense ratio of 57.2% in the first nine months of 2015 was 2.0 points lower than the loss and loss adjustment expense ratio of 59.2% in the same period of 2014. Catastrophe losses accounted for 2.6 points and 3.7 points of the 2015 and 2014 nine-month

loss and loss adjustment expense ratios, respectively. Net favorable prior year reserve development in the first nine months of 2015 and 2014 provided 3.6 points and 3.3 points of benefit, respectively, to the loss and loss adjustment expense ratio. The underlying loss and loss adjustment expense ratio in the first nine months of 2015 was 0.6 points lower than the 2014 ratio on the same basis, primarily reflecting lower non-catastrophe weather-related losses.

The underwriting expense ratio of 31.7% for the third quarter of 2015 was 0.3 points lower than the underwriting expense ratio of 32.0% in the same period of 2014. In the first nine months of 2015, the underwriting expense ratio of 31.7% was 0.6 points higher than the underwriting expense ratio of 31.1% in the same period of 2014, primarily reflecting the impact of the first quarter 2014 reduction in the estimated liability for state assessments to be paid by the Company related to workers' compensation premiums in the Business and International Insurance segment.

Written Premiums

Consolidated gross and net written premiums were as follows:

Gross and net written premiums in the third quarter of 2015 increased by 1% and 3%, respectively, over the same periods of 2014. Gross and net written premiums in the first nine months of 2015 both increased by 1% over the same period of 2014. Gross and net written premiums in the third quarter and first nine months of 2015 were negatively impacted by changes in foreign currency exchange rates in the Business and International Insurance segment. The difference in growth rates for gross and net written premiums for the third quarter of 2015 primarily reflected the impact of changes in the timing and structure of certain of the Company's reinsurance treaties that occurred in prior quarters. For a discussion of changes in the Company's catastrophe reinsurance coverage, see the "Catastrophe Reinsurance Coverage" section in Item 2 - Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2015. Factors contributing to the changes in gross and net written premiums in each segment are discussed in more detail in the segment discussions that follow.

Overview

Operating income in the third quarter of 2015 was \$546 million, \$6 million or 1% lower than operating income of \$552 million in the same period of 2014. This decrease reflected an increase in income before income taxes, which was more than offset by an increase in income tax expense. The increase in operating income before income taxes primarily reflected the pretax impacts of (i) higher underlying underwriting margins and (ii) higher net favorable prior year reserve development, partially offset by (iii) lower net investment income. Net favorable prior year reserve development in the third quarters of 2015 and 2014 was \$49 million and \$21 million, respectively. Catastrophe losses in the third quarters of 2015 and 2014 were \$39 million and \$31 million, respectively. The increase in underlying underwriting margins primarily resulted from lower non-catastrophe weather-related losses. The increase in income tax expense primarily resulted from the increase in operating income before income taxes combined with the impact of a lower level of tax-exempt investment income.

Operating income in the first nine months of 2015 was \$1.60 billion, \$113 million or 7% lower than operating income of \$1.72 billion in the same period of 2014. This decrease primarily reflected the pretax impacts of (i) lower net investment income and (ii) lower underlying underwriting margins, partially offset by (iii) lower catastrophe losses and (iv) higher net favorable prior year reserve development. Catastrophe losses in the first nine months of 2015 and 2014 were \$246 million and \$356 million, respectively. Net favorable prior year reserve development in the first nine months of 2015 and 2014 was \$229 million and \$163 million, respectively. The decline in underlying underwriting margins primarily resulted from the pretax impacts of the first quarter 2014 reduction in the estimated liability for state assessments to be paid by the Company

[Table of Contents](#)

related to workers' compensation premiums, partially offset by lower non-catastrophe weather-related losses. Partially offsetting this net pretax decrease in income was a related decrease in income tax expense that included the impact of a lower level of tax-exempt investment income and a \$12 million reduction in income tax expense as a result of the resolution of prior year tax matters in the second quarter of 2015.

Revenues*Earned Premiums*

Earned premiums of \$3.65 billion in the third quarter of 2015 and \$10.88 billion in the first nine months of 2015 were comparable to the same periods of 2014.

Net Investment Income

Net investment income in the third quarter of 2015 was \$471 million, \$86 million or 15% lower than in the same 2014 period. Net investment income in the first nine months of 2015 was \$1.41 billion, \$254 million or 15% lower than in the same period of 2014. Refer to the "Net Investment Income" section of the "Consolidated Results of Operations" discussion herein for a description of the factors contributing to the decreases in the Company's consolidated net investment income in the third quarter and first nine months of 2015 compared with the same periods of 2014. In addition, refer to note 2 of notes to the Company's consolidated financial statements in the Company's 2014 Annual Report for a discussion of the Company's net investment income allocation methodology.

Fee Income

National Accounts is the primary source of fee income due to its service businesses, which include claim and loss prevention services to large companies that choose to self-insure a portion of their insurance risks, as well as claims and policy management services to workers' compensation residual market pools. Fee income in the third quarter of 2015 was \$112 million, \$2 million or 2% higher than in the same period of 2014. Fee income in the first nine months of 2015 was \$334 million, \$5 million or 2% higher than in the same period of 2014.

Claims and Expenses*Claims and Claim Adjustment Expenses*

Claims and claim adjustment expenses in the third quarter of 2015 were \$2.23 billion, \$131 million or 6% lower than in the same period of 2014. This decrease primarily reflected (i) lower non-catastrophe weather-related losses and (ii) higher net favorable prior year reserve development, partially offset by (iii) the impact of loss cost trends. Net favorable prior year reserve development in the third quarter of 2015 was primarily driven by (i) better than expected loss experience for the property product line related to catastrophe losses for accident years 2011, 2012 and 2014 and non-catastrophe losses for accident years 2013 and 2014, (ii) better than expected loss experience in the general liability product line for both primary and excess coverages for accident years 2005 through 2013, reflecting a more favorable legal environment than the Company previously expected, (iii) better than expected loss experience in the workers' compensation product line for accident years 2005 and prior and (iv) better than expected loss experience in the Company's operations in Canada. These factors contributing to net favorable prior year reserve development were partially offset by a \$224 million increase to asbestos reserves. Net favorable prior year reserve development in the third quarter of 2014 was primarily driven by (i) a \$162 million benefit resulting from better than expected loss experience related to, and the commutation of reinsurance treaties associated with, a workers' compensation reinsurance pool for accident years 1996 and prior, (ii) better than expected loss experience in the general liability product line related to excess coverages for accident years 2009 through 2012, reflecting a more favorable legal environment than the Company previously expected and (iii) better than expected loss experience in the property product line for accident years 2012 and 2013, including catastrophe losses from Storm Sandy for accident year 2012. These factors contributing to net favorable prior year reserve development in the

third quarter of 2014 were partially offset by (i) a \$250 million increase to asbestos reserves and (ii) an increase in unallocated loss adjustment expense reserves of \$77 million for interest awarded as part of damages pursuant to a court decision in the third quarter of 2014 related to a pending legal matter, which is discussed in more detail in the “Settlement of Asbestos Direct Action” section of note 12 of notes to the unaudited consolidated financial statements herein. The increases to asbestos reserves in the third quarters of both 2015 and 2014 are discussed in further detail in the “Asbestos Claims and Litigation” section herein.

[Table of Contents](#)

Claims and claim adjustment expenses in the first nine months of 2015 were \$6.73 billion, \$260 million or 4% lower than in the same period of 2014. The decrease in 2015 primarily reflected (i) lower catastrophe losses, (ii) lower non-catastrophe weather-related losses and (iii) higher net favorable prior year reserve development, partially offset by (iv) the impact of loss cost trends. Net favorable prior year reserve development in the first nine months of 2015 was primarily driven by (i) better than expected loss experience in the general liability product line, for both primary and excess coverages for accident years 2005 through 2013, reflecting a more favorable legal environment than the Company previously expected, (ii) better than expected loss experience for the property product line related to catastrophe losses for accident years 2011, 2012 and 2014 and non-catastrophe losses for accident years 2013 and 2014, (iii) better than expected loss experience in the workers’ compensation line of business for accident years 2006 and prior and (iv) better than expected loss experience in the Company’s operations at Lloyd’s and in Canada. These factors contributing to net favorable prior year reserve development in the first nine months of 2015 were partially offset by the \$224 million increase to asbestos reserves described above and a \$72 million increase to environmental reserves in the second quarter of 2015. Net favorable prior year reserve development in the first nine months of 2014 was primarily driven by (i) the \$162 million benefit related to the workers’ compensation reinsurance pool, (ii) better than expected loss experience in the general liability product line related to excess coverages for accident years 2012 and prior, reflecting a more favorable legal environment than the Company previously expected and (iii) better than expected loss experience in the property product line for accident years 2010 through 2013, including catastrophe losses from Storm Sandy for accident year 2012. These factors contributing to net favorable prior year reserve development in the first nine months of 2014 were partially offset by (i) the \$250 million increase to asbestos reserves described above, (ii) an \$87 million increase to environmental reserves, (iii) an increase in unallocated loss adjustment expense reserves of \$77 million for interest awarded as part of damages pursuant to a court decision described above and (iv) higher than expected loss experience for liability coverages in the commercial multi-peril product line for accident years 2010 through 2013. The increases to environmental reserves in both 2015 and 2014 are discussed in further detail in the “Environmental Claims and Litigation” section herein.

Amortization of Deferred Acquisition Costs

Amortization of deferred acquisition costs in the third quarter of 2015 was \$589 million, comparable to the same period of 2014. Amortization of deferred acquisition costs in the first nine months of 2015 was \$1.75 billion, \$17 million or 1% higher than in the same period of 2014.

General and Administrative Expenses

General and administrative expenses in the third quarter of 2015 were \$675 million, \$14 million or 2% higher than in the same period of 2014, primarily due to higher contingent commissions and technology and employee related expenses. General and administrative expenses in the first nine months of 2015 were \$2.00 billion, \$135 million or 7% higher than in the same period of 2014, primarily reflecting the impacts of the first quarter 2014 reduction in the estimated liability for state assessments to be paid by the Company related to workers’ compensation premiums, higher technology and employee related expenses and higher contingent commissions.

Income Tax Expense

Income tax expense in the third quarter of 2015 was \$202 million, \$27 million or 15% higher than in the same period of 2014, which primarily resulted from the \$21 million increase in income before income taxes in the third quarter of 2015 combined with the impact of a lower level of tax-exempt investment income. Income tax expense in the first nine months of 2015 was \$556 million, \$9 million or 2% lower than in the same period of 2014, primarily reflecting the impact of the \$122 million decrease in income before income taxes in the first nine months of 2015 combined with the impact of a lower level of tax-exempt investment income and a \$12 million reduction in income tax expense in the second quarter of 2015 resulting from the resolution of prior year tax matters.

Combined Ratio

The combined ratio of 92.2% in the third quarter of 2015 was 3.0 points lower than the combined ratio of 95.2% in the same period of 2014. The combined ratio of 92.9% in the first nine months of 2015 was 1.3 points lower than the combined ratio of 94.2% in the same period of 2014.

The loss and loss adjustment expense ratio of 59.6% in the third quarter of 2015 was 3.5 points lower than the loss and loss adjustment expense ratio of 63.1% in the same period of 2014. Catastrophe losses in the third quarters of 2015 and 2014 accounted for 1.1 points and 0.9 points, respectively, of the loss and loss adjustment expense ratio. Net favorable prior year

[Table of Contents](#)

reserve development in the third quarters of 2015 and 2014 provided 1.4 points and 0.6 points of benefit, respectively, to the loss and loss adjustment expense ratio. The 2015 third quarter underlying loss and loss adjustment expense ratio was 2.9 points lower than the 2014 ratio on the same basis, primarily reflecting lower non-catastrophe weather-related losses.

The loss and loss adjustment expense ratio of 60.5% in the first nine months of 2015 was 2.5 points lower than the loss and loss adjustment expense ratio of 63.0% in the same period of 2014. Catastrophe losses in the first nine months of 2015 and 2014 accounted for 2.2 points and 3.3 points, respectively, of the loss and loss adjustment expense ratio. Net favorable prior year reserve development in the first nine months of 2015 and 2014 provided 2.1 points and 1.5 points of benefit, respectively, to the loss and loss adjustment expense ratio. The underlying loss and loss adjustment expense ratio in the first nine months of 2015 was 0.8 points lower than the 2014 ratio on the same basis, primarily reflecting lower non-catastrophe weather-related losses.

The underwriting expense ratio of 32.6% for the third quarter of 2015 was 0.5 points higher than the underwriting expense ratio of 32.1% in the same period of 2014. In the first nine months of 2015, the underwriting expense ratio of 32.4% was 1.2 points higher than the underwriting expense ratio of 31.2% in the same 2014 period, primarily reflecting the impact of the first quarter 2014 reduction in the estimated liability for state assessments to be paid by the Company related to workers' compensation premiums.

Gross and net written premiums in the third quarter of 2015 decreased by 2% and increased by 1%, respectively, compared with the same period of 2014. Gross and net written premiums in the first nine months of 2015 were comparable to the same period of 2014. Gross and net written premiums in the third quarter and first nine months of 2015 were negatively impacted by changes in foreign currency exchange rates. Net written premiums in the third quarter of 2015 were positively impacted by changes in the timing and structure of certain of the Company's reinsurance treaties in prior quarters, including changes in the Company's corporate catastrophe reinsurance treaties. Excluding the International surety line of business, for which the following are not relevant measures, business retention rates in the third quarter and first nine months of 2015 remained strong and were higher than in the same periods of 2014. Renewal premium changes in the third quarter and first nine months of 2015 remained positive but were lower than in the same periods of 2014. New business premiums in the third quarter and first nine months of 2015 decreased from the same period of 2014.

Select Accounts. Net written premiums of \$654 million in the third quarter of 2015 were level with the same period of 2014, while net written premiums of \$2.09 billion in the first nine months of 2015 were comparable to the same period of 2014. Business retention rates in the third quarter and first nine months of 2015 remained strong and were higher than in the same periods of 2014. Renewal premium changes in the third quarter and first nine months of 2015 remained positive but were lower than in the same periods of 2014, while new business premiums in the third quarter and first nine months of 2015 decreased from the same periods of 2014.

Middle Market. Net written premiums of \$1.60 billion and \$4.79 billion in the third quarter and first nine months of 2015, respectively, both increased by 4% over the same periods of 2014. The increase in net written premiums in the third quarter of 2015 included the impact of changes in the timing and structure of certain reinsurance transactions in prior quarters. Business retention rates in the third quarter and first nine months of

2015 remained strong and were higher than in the same periods of 2014. Overview

Operating income in the third quarter of 2015 was \$196 million, \$31 million or 19% higher than operating income of \$165 million in the same period of 2014. This increase primarily reflected the pretax impacts of (i) higher underlying underwriting margins and (ii) higher net favorable prior year reserve development, partially offset by (iii) lower net investment income. Net favorable prior year reserve development in the third quarters of 2015 and 2014 was \$103 million and \$79 million, respectively. Catastrophe losses in the third quarters of both 2015 and 2014 were \$1 million. The higher underlying underwriting margins primarily resulted from a re-estimation of current accident year losses in certain management liability businesses. Partially offsetting this net pretax increase in operating income was a related increase in income tax expense.

Operating income in the first nine months of 2015 was \$471 million, \$40 million or 8% lower than operating income of \$511 million in the same period of 2014. This decrease primarily reflected the pretax impacts of (i) a decrease in net favorable prior year reserve development and (ii) lower net investment income, partially offset by (iii) higher underlying underwriting margins. Net favorable prior year reserve development in the first nine months of 2015 and 2014 was \$178 million and \$270 million, respectively. Catastrophe losses in the first nine months of 2015 and 2014 were \$3 million and \$6 million, respectively. The higher underlying underwriting margins primarily resulted from lower loss estimates in certain management liability businesses. Partially offsetting this net pretax decrease in operating income was a related decrease in income tax expense. Income tax expense in the first nine months of 2015 was also reduced by \$16 million as a result of the resolution of prior year tax matters in the second quarter of 2015.

Revenues

Earned Premiums

Earned premiums in the third quarter of 2015 were \$539 million, \$12 million or 2% higher than in the same period of 2014. Earned premiums in the first nine months of 2015 were \$1.57 billion, \$13 million or 1% higher than in the same period of 2014.

Net Investment Income

Net investment income in the third quarter of 2015 was \$56 million, \$8 million or 13% lower than in the same period of 2014. Net investment income in the first nine months of 2015 was \$169 million, \$23 million or 12% lower than in the same period of 2014. Refer to the “Net Investment Income” section of “Consolidated Results of Operations” herein for a discussion of the decreases in the Company’s consolidated net investment income in the third quarter and first nine months of 2015 as compared with the same periods of 2014. In addition, refer to note 2 of notes to the Company’s consolidated financial statements in the Company’s 2014 Annual Report for a discussion of the Company’s net investment income allocation methodology.

Claims and Expenses

Claims and Claim Adjustment Expenses

Claims and claim adjustment expenses in the third quarter of 2015 were \$113 million, \$39 million or 26% lower than in the same period of 2014, primarily reflecting (i) an increase in net favorable prior year reserve development and (ii) the impact of a re-estimation of current accident year losses in certain management liability businesses. Net favorable prior year reserve development in the third quarter of 2015 was primarily driven by better than expected loss experience in the contract surety and fidelity product lines for accident years 2008 through 2013, which was partially driven by a reduction in outstanding exposures related to the financial crisis that commenced in 2007. In the third quarter of 2014, net favorable prior year reserve development was primarily driven by better than expected loss experience in the contract surety product line for accident years 2009 through 2011.

Claims and claim adjustment expenses in the first nine months of 2015 were \$497 million, \$76 million or 18% higher than in the same period of 2014, primarily reflecting (i) a decrease in net favorable prior year reserve development, partially offset by (ii) lower loss estimates in certain management liability businesses. Net favorable prior year reserve development in the first nine months of 2015 was primarily driven by the same factors discussed above for the third quarter of 2015. In the first nine months of 2014, net favorable prior year reserve development was primarily driven by better than expected loss experience in the contract surety product line for accident years 2007 through 2011.

Amortization of Deferred Acquisition Costs

Amortization of deferred acquisition costs in the third quarter of 2015 was \$104 million, \$3 million or 3% higher than in the same period of 2014. Amortization of deferred acquisition costs in the first nine months of 2015 was \$295 million, \$6 million or 2% higher than in the same period of 2014.

General and Administrative Expenses

General and administrative expenses in the third quarter of 2015 were \$93 million, \$8 million or 8% lower than in the same period of 2014. General and administrative expenses in the first nine months of 2015 were \$292 million, \$8 million or 3% lower than in the same period of 2014. The decreases in both periods of 2015 reflected the impact of certain customer-related intangible assets which became fully amortized during the second quarter of 2015.

Income Tax Expense

Income tax expense in the third quarter of 2015 was \$93 million, \$16 million or 21% higher than in the same period of 2014, primarily reflecting the \$47 million increase in pretax operating income. Income tax expense in the first nine months of 2015 was \$195 million, \$45 million or 19% lower than in the same period of 2014, primarily reflecting the \$85 million decrease in pretax operating income and the \$16 million reduction in income tax expense in the second quarter of 2015 resulting from the resolution of prior year tax matters.

Combined Ratio

The combined ratio of 57.1% in the third quarter of 2015 was 9.8 points lower than the combined ratio of 66.9% in the same period of 2014. The combined ratio of 68.8% in the first nine months of 2015 was 4.2 points higher than the combined ratio of 64.6% in the same period of 2014.

The loss and loss adjustment expense ratio of 20.6% in the third quarter of 2015 was 8.1 points lower than the loss and loss adjustment expense ratio of 28.7% in the same period of 2014. Net favorable prior year reserve development in the third quarters of 2015 and 2014 provided 19.1 points and 15.0 points of benefit, respectively, to the loss and loss adjustment expense ratio. Catastrophe losses in the third quarters of 2015 and 2014 accounted for 0.1 points and 0.2 points, respectively,

[Table of Contents](#)

of the loss and loss adjustment expense ratio. The 2015 third quarter underlying loss and loss adjustment expense ratio was 3.9 points lower than the 2014 ratio on the same basis, primarily reflecting a re-estimation of current accident year losses in certain management liability businesses.

The loss and loss adjustment expense ratio of 31.3% in the first nine months of 2015 was 4.6 points higher than the loss and loss adjustment expense ratio of 26.7% in the same period of 2014. Net favorable prior year reserve development in the first nine months of 2015 and 2014 provided 11.4 points and 17.4 points of benefit, respectively, to the loss and loss adjustment expense ratio. Catastrophe losses in the first nine months of 2015 and 2014 accounted for 0.2 points and 0.5 points, respectively, of the loss and loss adjustment expense ratio. The underlying loss and loss adjustment expense ratio in the first nine months of 2015 was 1.1 points lower than the 2014 ratio on the same basis, primarily reflecting lower loss estimates in certain management liability businesses.

The underwriting expense ratio of 36.5% in the third quarter of 2015 was 1.7 points lower than the underwriting expense ratio of 38.2% in the same period of 2014. In the first nine months of 2015, the underwriting expense ratio of 37.5% was 0.4 points lower than the underwriting expense ratio of 37.9% in the same period of 2014. The decreases in both periods of 2015 reflected the impact of lower general and administrative expenses discussed above.

Overview

Operating income in the third quarter of 2015 was \$241 million, \$2 million or 1% higher than operating income of \$239 million in the same period of 2014. This increase primarily reflected the pretax impacts of (i) higher net favorable prior year reserve development and (ii) lower catastrophe losses, largely offset by (iii) lower underlying underwriting margins, (iv) lower net investment income and (v) a decline in other revenues. Net favorable prior year reserve development in the third quarters of 2015 and 2014 was \$47 million and \$13 million, respectively. Catastrophe losses in the third quarters of 2015 and 2014 were \$45 million and \$51 million, respectively. The lower underlying underwriting margins primarily resulted from higher non-weather-related losses in the Homeowners and Other product line. Partially offsetting this net pretax increase in operating income was a related increase in income tax expense.

Operating income in the first nine months of 2015 was \$667 million, \$85 million or 15% higher than operating income of \$582 million in the same period of 2014. This increase primarily reflected the pretax impacts of (i) lower catastrophe losses, (ii) higher net favorable prior year reserve development and (iii) higher underlying underwriting margins, partially offset by (iv) lower net investment income and (v) a decline in other revenues. Catastrophe losses in the first nine months of 2015 were \$219 million, compared with \$306 million in the same period of 2014. Net favorable prior year reserve development in the first nine months of 2015 was \$242 million, compared with \$157 million in the same period of 2014. The higher underlying underwriting margins primarily resulted from lower non-catastrophe weather-related losses in the Homeowners and Other product line. Partially offsetting this net pretax increase in operating income was a related increase in income tax expense. Income tax expense in the first nine months of 2015 was reduced by \$4 million as a result of the resolution of prior year tax matters in the second quarter of 2015.

Revenues

Earned Premiums

Earned premiums in the third quarter of 2015 were \$1.84 billion, \$44 million or 2% higher than in the same period of 2014. Earned premiums in the first nine months of 2015 were \$5.40 billion, \$71 million or 1% higher than in the same period of 2014.

Net Investment Income

Net investment income in the third quarter of 2015 was \$87 million, \$11 million or 11% lower than in the same period of 2014. Net investment income in the first nine months of 2015 was \$257 million, \$35 million or 12% lower than in the same

period of 2014. Refer to the “Net Investment Income” section of the “Consolidated Results of Operations” discussion herein for a description of the factors contributing to the decreases in the Company’s consolidated net investment income in the third quarter and first nine months of 2015 compared with the same periods of 2014. In addition, refer to note 2 of notes to the Company’s consolidated financial statements in the Company’s 2014 Annual Report for a discussion of the Company’s net investment income allocation methodology.

Other Revenues

Other revenues in the third quarters and first nine months of 2015 and 2014 primarily consisted of installment premium charges. The third quarter and first nine months of 2014 also included revenues associated with the runoff of the Company’s National Flood Insurance Program business that was sold on a renewal rights basis in 2013.

Claims and Expenses

Claims and Claim Adjustment Expenses

Claims and claim adjustment expenses in the third quarter of 2015 were \$1.04 billion, \$32 million or 3% higher than in the same period of 2014. The increase primarily reflected (i) higher volumes of insured exposures, (ii) the impact of loss cost trends and (iii) higher non-weather-related losses in the Homeowners and Other product line, partially offset by (iv) higher net favorable prior year reserve development and (v) lower catastrophe losses. Net favorable prior year reserve development in the third quarter of 2015 was primarily driven by (i) better than expected loss experience in the Homeowners and Other product line for liability coverages for accident years 2013 and 2014 and (ii) better than expected loss experience in the Automobile product line for liability coverages for accident years 2012 through 2014. Net favorable prior year reserve development in the third quarter of 2014 was primarily driven by better than expected loss experience in the Homeowners and Other product line for catastrophe losses for accident years 2011 through 2013.

Claims and claim adjustment expenses in the first nine months of 2015 were \$3.13 billion, \$117 million or 4% lower than in the same period of 2014,

primarily reflecting (i) lower catastrophe losses and (ii) higher net favorable prior year reserve development and (iii) lower non-catastrophe weather-related losses in the Homeowners and Other product line, partially offset by (iv) the impact of loss cost trends and (v) higher volumes of insured exposures. Net favorable prior year reserve development in the first nine months of 2015 was primarily driven by (i) better than expected loss experience in the Homeowners and Other product line for liability coverages for accident years 2011 through 2014, for non-catastrophe weather-related losses for accident years 2013 and 2014 and for non-weather-related losses for accident year 2014 and (ii) better than expected loss experience in the Automobile product line for liability coverages for accident years 2010 through 2014. Net favorable prior year reserve development in the first nine months of 2014 was primarily driven by better than expected loss experience in the Homeowners and Other product line for non-catastrophe weather-related losses for accident year 2013 and for catastrophe losses for accident years 2011 through 2013.

Amortization of Deferred Acquisition Costs

Amortization of deferred acquisition costs in the third quarter of 2015 was \$294 million, was comparable to the same period of 2014. Amortization of deferred acquisition costs in the first nine months of 2015 was \$867 million, \$9 million or 1% lower than in the same period of 2014.

General and Administrative Expenses

General and administrative expenses in the third quarter of 2015 were \$248 million, \$15 million or 6% lower than in the same period of 2014, primarily due to higher contingent commission expenses in the third quarter of 2014 due to timing. General and administrative expenses in the first nine months of 2015 were \$727 million, \$4 million or 1% higher than in the same period of 2014.

Income Tax Expense

Income tax expense in the third quarter of 2015 was \$113 million, \$4 million or 4% higher than in the same period of 2014, primarily reflecting the \$6 million increase in pretax operating income. Income tax expense in the first nine months of 2015 was \$300 million, \$44 million or 17% higher than in the same period of 2014, primarily reflecting the \$129 million increase in pretax operating income, partially offset by the \$4 million reduction in income tax expense in the second quarter of 2015 resulting from the resolution of prior year tax matters.

Combined Ratio

The combined ratio of 85.1% in the third quarter of 2015 was 1.0 points lower than the combined ratio of 86.1% in the same period of 2014. The combined ratio of 86.6% in the first nine months of 2015 was 3.2 points lower than the combined ratio of 89.8% in the same period of 2014.

[Table of Contents](#)

The loss and loss adjustment expense ratio of 56.5% in the third quarter of 2015 was 0.5 points higher than the loss and loss adjustment expense ratio of 56.0% in the same period of 2014. Catastrophe losses accounted for 2.5 points and 2.8 points of the loss and loss adjustment expense ratios in the third quarters of 2015 and 2014, respectively. Net favorable prior year reserve development in the third quarters of 2015 and 2014 provided 2.6 points and 0.7 points of benefit, respectively, to the loss and loss adjustment expense ratio. The 2015 third quarter underlying loss and loss adjustment expense ratio was 2.7 points higher than the 2014 ratio on the same basis, primarily reflecting higher non-weather-related losses in the Homeowners and Other product line.

The loss and loss adjustment expense ratio of 58.0% in the first nine months of 2015 was 2.9 points lower than the loss and loss adjustment expense ratio of 60.9% in the same period of 2014. Catastrophe losses accounted for 4.1 points and 5.6 points of the loss and loss adjustment expense ratios in the first nine months of 2015 and 2014, respectively. Net favorable prior year reserve development in the first nine months of 2015 and 2014 provided 4.5 points and 2.9 points of benefit, respectively, to the loss and loss adjustment expense ratio. The 2015 underlying loss and loss adjustment expense ratio in the first nine months of 2015 was 0.2 points higher than the 2014 ratio on the same basis.

The underwriting expense ratio of 28.6% for the third quarter of 2015 was 1.5 points lower than the underwriting expense ratio of 30.1% in the same period of 2014, primarily reflecting lower commission expenses. In the first nine months of 2015, the underwriting expense ratio of 28.6% was 0.3 points lower than the underwriting expense ratio of 28.9% in the same 2014 period.

Agency Written Premiums

Personal Insurance's gross and net written premiums by product line were as follows for its Agency business, which comprises business written through agents, brokers and other intermediaries and represents almost all of the Personal Insurance segment's gross and net written premiums:

In the third quarter and first nine months of 2015, agency gross written premiums were 4% and 3% higher than in the respective periods of 2014. In the third quarter and first nine months of 2015, agency net written premiums were 6% and 3% higher than in the respective periods of 2014. The higher rate of increase in agency net written premiums compared to the rate of increase in agency gross written premiums for the third quarter of 2015 primarily reflected the impact of changes in the timing and structure of certain of the Company's corporate catastrophe reinsurance treaties in the first quarter of 2015.

In the third quarter and first nine months of 2015, net written premiums in the Agency Automobile line of business were 10% and 7% higher, respectively, than in the same periods of 2014. Business retention rates in the third quarter and first nine months of 2015 remained strong and were higher than in the respective periods of 2014. Renewal premium changes in the third quarter and first nine months of 2015 remained positive but were lower than in the same periods of 2014. New business premiums in the third quarter and first nine months of 2015 increased over the same periods of 2014 driven by sales of the Company's private passenger automobile product, Quantum Auto 2.0.

In the third quarter and first nine months of 2015, net written premiums in the Agency Homeowners and Other line of business were 2% higher and 1% lower, respectively, than in the same periods of 2014. The increase in agency net written premiums for the third quarter of 2015 included the impact of changes in the timing and structure of certain of the Company's corporate catastrophe reinsurance treaties in the first quarter of 2015. Business retention rates in the third quarter and first nine months of 2015 remained strong and were slightly higher than in the respective periods of 2014. Renewal premium changes in the third quarter and first nine months of 2015 remained positive but were lower than in the respective periods of 2014. New business premiums in the third quarter and first nine months of 2015 increased over the same periods of 2014.

For its Agency business, the Personal Insurance segment had approximately 6.1 million active policies at both September 30, 2015 and 2014.

Direct to Consumer Written Premiums

In the direct to consumer business, net written premiums in the third quarter and first nine months of 2015 were \$67 million and \$175 million, respectively, compared with \$51 million and \$140 million in the respective periods of 2014. In the third quarter and first nine months of 2015, automobile net written premiums increased by \$11 million and \$25 million, respectively, or 31% and 26%, respectively, over the same periods of 2014. In the third quarter and first nine months of 2015, homeowners and other net written premiums increased \$5 million and \$10 million, respectively, or 33% and 24%, respectively, over the same periods of 2014. The direct to consumer business had 229,000 and 185,000 active policies at September 30, 2015 and 2014, respectively.

The operating loss for Interest Expense and Other in the third quarter of 2015 was \$65 million, compared with \$63 million in the same period of 2014. The operating loss for Interest Expense and Other in the first nine months of 2015 was \$191 million, compared with \$192 million in the same period of 2014. After-tax interest expense in the third quarter and first nine months of 2015 was \$61 million and \$181 million, respectively, compared with \$60 million and \$180 million, respectively, in the same periods of 2014.

ASBESTOS CLAIMS AND LITIGATION

The Company believes that the property and casualty insurance industry has suffered from court decisions and other trends that have expanded insurance coverage for asbestos claims far beyond the original intent of insurers and policyholders. The Company has received and continues to receive a significant number of asbestos claims from the Company's policyholders (which includes others seeking coverage under a policy). Factors underlying these claim filings include continued intensive advertising by lawyers seeking asbestos claimants and the continued focus by plaintiffs on defendants who were not traditionally primary targets of asbestos litigation. The focus on these defendants is primarily the result of the number of traditional asbestos defendants who have sought bankruptcy protection in previous years. In addition to contributing to the overall number of claims, bankruptcy proceedings may increase the volatility of asbestos-related losses by initially delaying the reporting of claims and later by significantly accelerating and increasing loss payments by insurers, including the Company. The bankruptcy of many traditional defendants has also caused increased settlement demands against those policyholders who are not in bankruptcy but remain in the tort system. Currently, in many jurisdictions, those who allege very serious injury and who can present credible medical evidence of their injuries are receiving priority trial settings in the courts, while those who have not shown any credible disease manifestation are having their hearing dates delayed or placed on an inactive docket. Prioritizing claims involving credible evidence of injuries, along with the focus on defendants who were not traditionally primary targets of asbestos litigation, contributes to the claims and claim adjustment expense payment patterns experienced by the

Company. The Company's asbestos-related claims and claim adjustment expense experience also has been impacted by the unavailability of other insurance sources potentially available to policyholders, whether through exhaustion of policy limits or through the insolvency of other participating insurers.

[Table of Contents](#)

The Company continues to be involved in coverage litigation concerning a number of policyholders, some of whom have filed for bankruptcy, who in some instances have asserted that all or a portion of their asbestos-related claims are not subject to aggregate limits on coverage. In these instances, policyholders also may assert that each individual bodily injury claim should be treated as a separate occurrence under the policy. It is difficult to predict whether these policyholders will be successful on both issues. To the extent both issues are resolved in a policyholder's favor and other Company defenses are not successful, the Company's coverage obligations under the policies at issue would be materially increased and bounded only by the applicable per-occurrence limits and the number of asbestos bodily injury claims against the policyholders. Although the Company has seen a moderation in the overall risk associated with these lawsuits, it remains difficult to predict the ultimate cost of these claims.

Many coverage disputes with policyholders are only resolved through settlement agreements. Because many policyholders make exaggerated demands, it is difficult to predict the outcome of settlement negotiations. Settlements involving bankrupt policyholders may include extensive releases which are favorable to the Company but which could result in settlements for larger amounts than originally anticipated. There also may be instances where a court may not approve a proposed settlement, which may result in additional litigation and potentially less beneficial outcomes for the Company. As in the past, the Company will continue to pursue settlement opportunities.

In addition to claims against policyholders, proceedings have been launched directly against insurers, including the Company, by individuals challenging insurers' conduct with respect to the handling of past asbestos claims and by individuals seeking damages arising from alleged asbestos-related bodily injuries. Travelers Property Casualty Corp. (TPC) had previously entered into settlement agreements in connection with a number of these direct action claims (Direct Action Settlements). The Company had been involved in litigation concerning whether all of the conditions of the Direct Action Settlements had been satisfied. On July 22, 2014, the United States Court of Appeals for the Second Circuit ruled that all of the conditions of the Direct Action Settlements had been satisfied. On January 15, 2015, the bankruptcy court entered an order directing the Company to pay \$579 million to the plaintiffs, comprised of the \$502 million settlement amounts, plus pre- and post-judgment interest of \$77 million, and the Company has made that payment. For a full discussion of these settlement agreements and related litigation, see the "Settlement of Asbestos Direct Action Litigation" sections of note 12 of notes to the unaudited consolidated financial statements herein and note 16 of notes to the consolidated financial statements in the Company's 2014 Annual Report. It is possible that the filing of other direct actions against insurers, including the Company, could be made in the future. It is difficult to predict the outcome of these proceedings, including whether the plaintiffs will be able to sustain these actions against insurers based on novel legal theories of liability. The Company believes it has meritorious defenses to these claims and has received favorable rulings in certain jurisdictions.

Because each policyholder presents different liability and coverage issues, the Company generally reviews the exposure presented by each policyholder at least annually. Among the factors which the Company may consider in the course of this review are: available insurance coverage, including the role of any umbrella or excess insurance the Company has issued to the policyholder; limits and deductibles; an analysis of the policyholder's potential liability; the jurisdictions involved; past and anticipated future claim activity and loss development on pending claims; past settlement values of similar claims; allocated claim adjustment expense; potential role of other insurance; the role, if any, of non-asbestos claims or potential non-asbestos claims in any resolution process; and applicable coverage defenses or determinations, if any, including the determination as to whether or not an asbestos claim is a products/completed operation claim subject to an aggregate limit and the available coverage, if any, for that claim.

In the third quarter of 2015, the Company completed its annual in-depth asbestos claim review, including a review of active policyholders and litigation cases for potential product and "non-product" liability, and noted the continuation of the following trends:

- continued high level of litigation activity in certain jurisdictions involving individuals alleging serious asbestos-related illness, primarily involving mesothelioma claims;
- while overall payment patterns have been generally stable, there has been an increase in severity for certain policyholders due to the continued high level of litigation activity; and
- continued moderate level of asbestos-related bankruptcy activity.

While the Company believes that over the past several years there has been a reduction in the volatility associated with the Company's overall asbestos exposure, there nonetheless remains a high degree of uncertainty with respect to future exposure from asbestos claims.

[Table of Contents](#)

In the Home Office and Field Office categories, which account for the vast majority of policyholders with active asbestos-related claims, both the number of policyholders with open asbestos claims and net asbestos-related payments were essentially unchanged in the first nine months of 2015 when compared with the same period of 2014. Payments on behalf of policyholders in these categories continue to be influenced by the high level of litigation activity in a limited number of jurisdictions where individuals alleging serious asbestos-related injury continue to target defendants who were not traditionally primary targets of asbestos litigation.

The Company's quarterly asbestos reserve reviews include an analysis of exposure and claim payment patterns by policyholder category, as well as recent settlements, policyholder bankruptcies, judicial rulings and legislative actions. The Company also analyzes developing payment patterns among policyholders in the Home Office, Field Office and Assumed Reinsurance and Other categories as well as projected reinsurance billings and recoveries. In addition, the Company reviews its historical gross and net loss and expense paid experience, year-by-year, to assess any emerging trends, fluctuations, or characteristics suggested by the aggregate paid activity. Conventional actuarial methods are not utilized to establish asbestos reserves nor have the Company's evaluations resulted in any way of determining a meaningful average asbestos defense or indemnity payment.

The completion of these reviews and analyses in the third quarters of 2015 and 2014 resulted in \$224 million and \$250 million increases, respectively, in the Company's net asbestos reserves. In both 2015 and 2014, the reserve increases were primarily driven by increases in the Company's estimate of projected settlement and defense costs related to a broad number of policyholders in the Home Office category due to a higher level of litigation activity surrounding mesothelioma claims than previously anticipated. The increase in the estimate of projected settlement and defense costs resulted from payment trends that continue to be higher than previously anticipated due to the impact of the current litigation environment discussed above. Notwithstanding these trends, the Company's overall view of the underlying asbestos environment is essentially unchanged from recent periods and there remains a high degree of uncertainty with respect to future exposure to asbestos claims.

Net asbestos paid loss and loss expenses in the first nine months of 2015 were \$684 million, compared with \$154 million in the same period of 2014. Net payments in the first nine months of 2015 included the payment of the \$502 million settlement amounts related to the Settlement of Asbestos Direct Action Litigation as described in more detail in note 12 of notes to the unaudited consolidated financial statements herein. Net asbestos reserves were \$1.90 billion at September 30, 2015, compared with \$2.45 billion at September 30, 2014.

See “—Uncertainty Regarding Adequacy of Asbestos and Environmental Reserves.”

ENVIRONMENTAL CLAIMS AND LITIGATION

The Company has received and continues to receive claims from policyholders who allege that they are liable for injury or damage arising out of their alleged disposition of toxic substances. Mostly, these claims are due to various legislative as well as regulatory efforts aimed at environmental remediation. For instance, the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), enacted in 1980 and later modified, enables private parties as well as federal and state governments to take action with respect to releases and threatened releases of hazardous substances. This federal statute permits the recovery of response costs from some liable parties and may require liable parties to undertake their own remedial action. Liability under CERCLA may be joint and several with other responsible parties.

The Company has been, and continues to be, involved in litigation involving insurance coverage issues pertaining to environmental claims. The Company believes that some court decisions have interpreted the insurance coverage to be broader than the original intent of the insurers and policyholders. These decisions often pertain to insurance policies that were issued by the Company prior to the mid-1980s. These decisions

continue to be inconsistent and vary from jurisdiction to jurisdiction. Environmental claims, when submitted, rarely indicate the monetary amount being sought by the claimant from the policyholder, and the Company does not keep track of the monetary amount being sought in those few claims which indicate a monetary amount.

The resolution of environmental exposures by the Company generally occurs through settlements with policyholders as opposed to claimants. Generally, the Company strives to extinguish any obligations it may have under any policy issued to the policyholder for past, present and future environmental liabilities and extinguish any pending coverage litigation dispute with the policyholder. This form of settlement is commonly referred to as a “buy-back” of policies for future environmental liability. In addition, many of the agreements have also extinguished any insurance obligation which the Company may have for other claims, including but not limited to asbestos and other cumulative injury claims. The Company and its

[Table of Contents](#)

policyholders may also agree to settlements which extinguish any liability arising from known specified sites or claims. Where appropriate, these agreements also include indemnities and hold harmless provisions to protect the Company. The Company’s general purpose in executing these agreements is to reduce the Company’s potential environmental exposure and eliminate the risks presented by coverage litigation with the policyholder and related costs.

In establishing environmental reserves, the Company evaluates the exposure presented by each policyholder and the anticipated cost of resolution, if any. In the course of this analysis, the Company generally considers the probable liability, available coverage and relevant judicial interpretations. In addition, the Company considers the many variables presented, such as: the nature of the alleged activities of the policyholder at each site; the number of sites; the total number of potentially responsible parties at each site; the nature of the alleged environmental harm and the corresponding remedy at each site; the nature of government enforcement activities at each site; the ownership and general use of each site; the overall nature of the insurance relationship between the Company and the policyholder, including the role of any umbrella or excess insurance the Company has issued to the policyholder; the involvement of other insurers; the potential for other available coverage, including the number of years of coverage; the role, if any, of non-environmental claims or potential non-environmental claims in any resolution process; and the applicable law in each jurisdiction. The evaluation of the exposure presented by a policyholder can change as information concerning that policyholder and the many variables presented is developed. Conventional actuarial techniques are not used to estimate these reserves.

In its review of environmental reserves, the Company considers: past settlement payments; changing judicial and legislative trends; its reserves for the costs of litigating environmental coverage matters; the potential for policyholders with smaller exposures to be named in new clean-up actions for both on- and off-site waste disposal activities; the potential for adverse development; the potential for additional new claims beyond previous expectations; and the potential higher costs for new settlements.

The duration of the Company’s investigation and review of these claims and the extent of time necessary to determine an appropriate estimate, if any, of the value of the claim to the Company vary significantly and are dependent upon a number of factors. These factors include, but are not limited to, the cooperation of the policyholder in providing claim information, the pace of underlying litigation or claim processes, the pace of coverage litigation between the policyholder and the Company and the willingness of the policyholder and the Company to negotiate, if appropriate, a resolution of any dispute pertaining to these claims. Because these factors vary from claim-to-claim and policyholder-by-policyholder, the Company cannot provide a meaningful average of the duration of an environmental claim. However, based upon the Company’s experience in resolving these claims, the duration may vary from months to several years.

The Company continues to receive notices from policyholders tendering claims for the first time, frequently under policies issued prior to the mid-1980s. These policyholders continue to present smaller exposures, have fewer sites and are lower tier defendants. Further, in many instances, clean-up costs have been reduced because regulatory agencies are willing to accept risk-based site analyses and more efficient clean-up technologies. Over the past several years, the Company has experienced generally favorable trends in the number of new policyholders tendering environmental claims for the first time and in the number of pending declaratory judgment actions relating to environmental matters. However, the degree to which those favorable trends have continued has been less than anticipated. In addition, reserve development on existing environmental claims has been greater than anticipated. As a result of these factors, the Company increased its net environmental reserves by \$72 million and \$87 million in the second quarters of 2015 and 2014, respectively.

Net environmental paid loss and loss expenses in the first nine months of 2015 were \$38 million, compared with \$66 million in the same period of 2014. At September 30, 2015, approximately 93% of the net environmental reserve (approximately \$352 million) was carried in a bulk reserve and included unresolved environmental claims, incurred but not reported environmental claims and the anticipated cost of coverage litigation disputes relating to these claims. The bulk reserve the Company carries is established and adjusted based upon the aggregate volume of in-process environmental claims and the Company’s experience in resolving those claims. The balance, approximately 7% of the net environmental reserve (approximately \$26 million), consists of case reserves.

UNCERTAINTY REGARDING ADEQUACY OF ASBESTOS AND ENVIRONMENTAL RESERVES

As a result of the processes and procedures discussed above, management believes that the reserves carried for asbestos and environmental claims are appropriately established based upon known facts, current law and management's judgment. However, the uncertainties surrounding the final resolution of these claims continue, and it is difficult to determine the ultimate exposure for asbestos and environmental claims and related litigation. As a result, these reserves are subject to revision as new information becomes available and as claims develop. The continuing uncertainties include, without limitation, the risks and lack of predictability inherent in complex litigation, any impact from the bankruptcy protection sought by various asbestos producers and other asbestos defendants, a further increase or decrease in the cost to resolve, and/or the number of, asbestos and environmental claims beyond that which is anticipated, the emergence of a greater number of asbestos claims than anticipated as a result of extended life expectancies resulting from medical advances and lifestyle improvements, the role of any umbrella or excess policies the Company has issued, the resolution or adjudication of disputes pertaining to the amount of available coverage for asbestos and environmental claims in a manner inconsistent with the Company's previous assessment of these claims, the number and outcome of direct actions against the Company, future developments pertaining to the Company's ability to recover reinsurance for asbestos and environmental claims and the unavailability of other insurance sources potentially available to policyholders, whether through exhaustion of policy limits or through the insolvency of other participating insurers. In addition, uncertainties arise from the insolvency or bankruptcy of policyholders and other defendants. It is also not possible to predict changes in the legal, regulatory and legislative environment and their impact on the future development of asbestos and environmental claims. This environment could be affected by changes in applicable legislation and future court and regulatory decisions and interpretations, including the outcome of legal challenges to legislative and/or judicial reforms establishing medical criteria for the pursuit of asbestos claims. It is also difficult to predict the ultimate outcome of complex coverage disputes until settlement negotiations near completion and significant legal questions are resolved or, failing settlement, until the dispute is adjudicated. This is particularly the case with policyholders in bankruptcy where negotiations often involve a large number of claimants and other parties and require court approval to be effective. As part of its continuing analysis of asbestos and environmental reserves, the Company continues to study the implications of these and other developments.

[Table of Contents](#)

Because of the uncertainties set forth above, additional liabilities may arise for amounts in excess of the Company's current reserves. In addition, the Company's estimate of claims and claim adjustment expenses may change. These additional liabilities or increases in estimates, or a range of either, cannot now be reasonably estimated and could result in income statement charges that could be material to the Company's operating results in future periods.

INVESTMENT PORTFOLIO

The Company's invested assets at September 30, 2015 were \$72.06 billion, of which 93% was invested in fixed maturity and short-term investments, 1% in equity securities, 1% in real estate investments and 5% in other investments. Because the primary purpose of the investment portfolio is to fund future claims payments, the Company employs a conservative investment philosophy. A significant majority of funds available for investment are deployed in a widely diversified portfolio of high quality, liquid, taxable U.S. government, tax-exempt U.S. municipal and taxable corporate and U.S. agency mortgage-backed bonds.

The carrying value of the Company's fixed maturity portfolio at September 30, 2015 was \$61.67 billion. The Company closely monitors the duration of its fixed maturity investments, and investment purchases and sales are executed with the objective of having adequate funds available to satisfy the Company's insurance and debt obligations. The weighted average credit quality of the Company's fixed maturity portfolio, both including and excluding U.S. Treasury securities, was "Aa2" at both September 30, 2015 and December 31, 2014. Below investment grade securities represented

2.9% and 3.0% of the total fixed maturity investment portfolio at September 30, 2015 and December 31, 2014, respectively. The average effective duration of fixed maturities and short-term securities was 4.0 (4.3 excluding short-term securities) at September 30, 2015 and 3.5 (3.7 excluding short-term securities) at December 31, 2014.

Obligations of States, Municipalities and Political Subdivisions

The Company's fixed maturity investment portfolio at September 30, 2015 and December 31, 2014 included \$31.63 billion and \$33.57 billion, respectively, of securities which are obligations of states, municipalities and political subdivisions (collectively referred to as the municipal bond portfolio). The municipal bond portfolio is diversified across the United States, the District of Columbia and Puerto Rico and includes general obligation and revenue bonds issued by states, cities, counties, school districts and similar issuers. Included in the municipal bond portfolio at September 30, 2015 and December 31, 2014 were \$6.59 billion and \$7.56 billion, respectively, of pre-refunded bonds, which are bonds for which states or municipalities have established irrevocable trusts, almost exclusively comprised of U.S. Treasury securities, which were created to satisfy their responsibility for payments of principal and interest. The irrevocable trusts are verified as to their sufficiency by an independent verification agent of the underwriter, issuer or trustee. All of the Company's holdings of securities issued by Puerto Rico and related entities have been pre-refunded and therefore are defeased by U.S. Treasury securities.

The Company bases its investment decision on the underlying credit characteristics of the municipal security. While its municipal bond portfolio includes a number of securities that were enhanced by third-party insurance for the payment of principal and interest in the event of an issuer default, the Company does not rely on enhanced credit characteristics provided by such third-party insurance as part of its investing decisions. Of the insured municipal securities in the Company's investment portfolio at September 30, 2015, 100% were rated at "A3" or above, and approximately 87% were rated at "Aa3" or above, without the benefit of insurance. The Company believes that a loss of the benefit of insurance would not result in a material adverse impact on the Company's results of operations, financial position or liquidity, due to the underlying credit strength of the issuers of the securities, as well as the Company's ability and intent to hold the securities. The average credit rating of the underlying issuers of these securities was "Aa2" at September 30, 2015. The average credit rating of the entire municipal bond portfolio was "Aa1" at September 30, 2015 with and without the enhancement provided by third-party insurance.

Mortgage-Backed Securities, Collateralized Mortgage Obligations and Pass-Through Securities

The Company's fixed maturity investment portfolio at September 30, 2015 and December 31, 2014 included \$2.01 billion and \$2.21 billion, respectively, of residential mortgage-backed securities, including pass-through-securities and collateralized mortgage obligations (CMOs), all of which are subject to prepayment risk (either shortening or lengthening of duration).

[Table of Contents](#)

While prepayment risk for securities and its effect on income cannot be fully controlled, particularly when interest rates move dramatically, the Company's investment strategy generally favors securities that reduce this risk within expected interest rate ranges. Included in the totals at September 30, 2015 and December 31, 2014 were \$720 million and \$872 million, respectively, of GNMA, FNMA, FHLMC (excluding FHA project loans) and Canadian government guaranteed residential mortgage-backed pass-through securities classified as available for sale. Also included in those totals were residential CMOs classified as available for sale with a fair value of \$1.29 billion and \$1.34 billion at September 30, 2015 and December 31, 2014, respectively. Approximately 45% and 46% of the Company's CMO holdings at September 30, 2015 and December 31, 2014, respectively, were guaranteed by or fully collateralized by securities issued by GNMA, FNMA or FHLMC. The average credit rating of the \$712 million and \$725 million of non-guaranteed CMO holdings at September 30, 2015 and December 31, 2014 was "Baa2" and "Ba1," respectively. The average credit rating of all of the above securities was "Aa3" at both September 30, 2015 and December 31, 2014. For further discussion regarding the Company's investments in residential CMOs, see "Part II—Item 7—Management's Discussion and Analysis of Financial Condition and Results of Operations—Investment Portfolio" in the Company's 2014 Annual Report.

Alternative Documentation Mortgages and Sub-Prime Mortgages

At September 30, 2015 and December 31, 2014, the Company's fixed maturity investment portfolio included CMOs backed by alternative documentation mortgages and asset-backed securities collateralized by sub-prime mortgages with a collective fair value of \$201 million and \$252 million, respectively (comprising less than 1% of the Company's total fixed maturity investments at both dates). The Company defines sub-prime mortgage-backed securities as investments in which the underlying loans primarily exhibit one or more of the following characteristics: low FICO scores, above-prime interest rates, high loan-to-value ratios or high debt-to-income ratios. Alternative documentation securitizations are those in which the underlying loans primarily meet the government-sponsored entities' requirements for credit score but do not meet the government-sponsored entities' guidelines for documentation, property type, debt and loan-to-value ratios. The average credit rating on these securities and obligations held by the Company was "Ba2" at both September 30, 2015 and December 31, 2014. The Company does not believe this portfolio exposes it to a material adverse impact on its results of operations, financial position or liquidity, due to the portfolio's relatively small size.

Commercial Mortgage-Backed Securities and Project Loans

At September 30, 2015 and December 31, 2014, the Company held commercial mortgage-backed securities (including FHA project loans) of \$880 million and \$715 million, respectively. The average credit rating on these securities held by the Company was "Aaa" at both September 30, 2015 and December 31, 2014. The Company does not believe this portfolio exposes it to a material adverse impact on its results of operations, financial position or liquidity, due to the portfolio's relatively small size and the underlying credit strength of these securities.

Equity Securities, Real Estate Investments and Short-Term Investments

See note 1 of notes to the consolidated financial statements in the Company's 2014 Annual Report for further information about these invested asset classes.

Other Investments

The Company also invests in private equity limited partnerships, hedge funds, and real estate partnerships. Also included in other investments are non-public common and preferred equities, trading securities and derivatives. These asset classes have historically provided a higher return than fixed maturities but are subject to more volatility. At September 30, 2015 and December 31, 2014, the carrying value of the Company's other investments was \$3.53 billion and \$3.59 billion, respectively.

CATASTROPHE REINSURANCE COVERAGE

There have been no material changes to the Company's catastrophe reinsurance coverage from that reported in the "Reinsurance" section of "Part I — Item 1 — Business" of the Annual Report on Form 10-K for the year ended December 31, 2014, except for those changes discussed in the "Catastrophe Reinsurance Coverage" section of Part I — Item 2 — Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2015. The Company regularly reviews its catastrophe reinsurance coverage and may adjust such coverage in the future.

REINSURANCE RECOVERABLES

For a description of the Company's reinsurance recoverables, refer to "Part II—Item 7—Management's Discussion and Analysis of Financial Condition and Results of Operations—Reinsurance Recoverables" in the Company's 2014 Annual Report.

The following table summarizes the composition of the Company's reinsurance recoverables:

(in millions)	September 30, 2015	December 31, 2014
Gross reinsurance recoverables on paid and unpaid claims and claim adjustment expenses	\$ 4,013	\$ 4,270
Allowance for uncollectible reinsurance	(161)	(203)
Net reinsurance recoverables	3,852	4,067
Mandatory pools and associations	1,943	1,909
Structured settlements	3,154	3,284
Total reinsurance recoverables	\$ 8,949	\$ 9,260

The \$215 million decline in net reinsurance recoverables from December 31, 2014 primarily reflected the impact of cash collections in the first nine months of 2015.

OUTLOOK

The following discussion provides outlook information for certain key drivers of the Company's results of operations and capital position.

Premiums. The Company's earned premiums are a function of net written premium volume. Net written premiums comprise both renewal business and new business and are recognized as earned premium over the life of the underlying policies. When business renews, the amount of net written premiums associated with that business may increase or decrease (renewal premium change) as a result of increases or decreases in rate and/or insured exposures, which the Company considers as a measure of units of exposure (such as the number and value of vehicles or properties insured). Net written premiums from both renewal and new business, and therefore earned premiums, are impacted by competitive market conditions as well as general economic conditions, which, particularly in the case of the Business and International Insurance segment, affect audit premium adjustments, policy endorsements and mid-term cancellations. Property and casualty insurance market conditions are expected to remain competitive. Net written premiums may also be impacted by the structure of reinsurance programs and related costs, as well as changes in foreign currency exchange rates.

Overall, the Company expects retention levels (the amount of expiring premium that renews, before the impact of renewal premium changes) will remain historically strong. In the Business and International Insurance segment, the Company expects that Domestic renewal premium changes during the remainder of 2015 and into 2016 will remain positive and will be slightly lower than the levels attained in the first nine months of 2015. Also in this segment, the Company expects that International renewal premium changes during the remainder of 2015 and into 2016 will remain positive and will be broadly consistent with the levels attained in the first nine months of 2015. In the Bond & Specialty Insurance segment, the Company expects that renewal premium changes with respect to management liability business during the remainder of 2015 and into 2016 will remain positive, but will be lower than the levels attained in the first nine months of 2015. With respect to surety business, within the Bond & Specialty Insurance segment, the Company expects net written premium volume during the remainder of 2015 and into 2016 will be broadly consistent with the levels attained in the same periods of 2014 and 2015.

In the Personal Insurance segment, the Company expects that both Agency Automobile and Agency Homeowners and Other renewal premium changes during the remainder of 2015 and into 2016 will remain positive, but will be lower than the levels attained in the first nine months of 2015. The need for state regulatory approval for changes to personal property and casualty insurance prices, as well as competitive market conditions,

Property and casualty insurance market conditions are expected to remain competitive during the remainder of 2015 and into 2016 for new business, not only in Business and International Insurance and Bond & Specialty Insurance, but especially in Personal Insurance, where price comparison technology used by agents and brokers, sometimes referred to as “comparative raters,” has facilitated the process of generating multiple quotes, thereby increasing price comparison on new business and, increasingly, on renewal business. The Company expects that its Quantum Auto 2.0 product in the Personal Insurance segment’s Agency Automobile line of business will continue to increase new business premiums during the remainder of 2015 and into 2016 compared with the levels attained in the same periods of 2014 and 2015, although at a lower rate of increase than in recent periods. The Company also expects that, as a result of strong business retentions and increases in new business, policies in force in the Personal Insurance segment’s Agency Automobile line of business will continue to increase during the remainder of 2015 and into 2016 compared with the number of policies in force at September 30, 2015. Policies in force in the Personal Insurance segment’s Homeowners and Other line of business are expected to increase into 2016 compared with the number of policies in force at September 30, 2015. In each of the Company’s business segments, new business generally has less of an impact on underwriting profitability than renewal business, given the volume of new business relative to renewal business. However, in periods of meaningful increases in new business, despite its positive impact on underwriting gains over time, the impact of a higher mix of new business versus renewal business may negatively impact the combined ratio in the short-term.

In recent years, the federal government, particularly the Federal Reserve, has taken extraordinary steps to stabilize financial markets, encourage economic growth and keep interest rates low. During this time, the United States has experienced a slow rate of growth that has shown some signs of improvement in recent periods. Even if economic growth continues in the United States, or other regions in which the Company does business, it may be at a slow or slower rate for an extended period of time. Further, general uncertainty regarding a variety of domestic and international matters, such as the U.S. Federal budget and taxes, implementation of the Affordable Care Act, the regulatory environment, geopolitical instability and economic uncertainty in various parts of the world, rapid changes in commodity prices, such as recent changes in oil prices, and fluctuations in foreign currency exchange rates has added to the uncertainty regarding economic conditions generally. If economic conditions deteriorate, the resulting low levels of economic activity could impact exposure changes at renewal and the Company’s ability to write business at acceptable rates. Additionally, low levels of economic activity could adversely impact audit premium adjustments, policy endorsements and mid-term cancellations after policies are written. All of the foregoing, in turn, could adversely impact net written premiums during the remainder of 2015 and into 2016, and because earned premiums are a function of net written premiums, earned premiums could be adversely impacted during the remainder of 2015 and into 2016.

Underwriting Gain/Loss. The Company’s underwriting gain/loss can be significantly impacted by catastrophe losses and net favorable or unfavorable prior year reserve development, as well as underlying underwriting margins.

Catastrophe and other weather-related losses are inherently unpredictable from period to period. The Company experienced significant catastrophe and other weather-related losses in a number of recent periods, which adversely impacted its results of operations. The Company’s results of operations could be adversely impacted if significant catastrophe and other weather-related losses were to occur during the remainder of 2015 and into 2016.

For the last several years, the Company’s results have included significant amounts of net favorable prior year reserve development, although at lower levels in some recent periods, driven by better than expected loss experience in all of the Company’s segments. The lower level of net favorable prior year reserve development in a number of recent periods may have been in part due to the Company’s reserve estimation process incorporating those factors that led to the higher levels of net favorable prior year reserve development in previous years. If that trend continues, the better than expected loss experience may continue at these recent lower levels, or even lower levels. However, given the inherent uncertainty in estimating claims and claim adjustment expense reserves, loss experience could develop such that the Company recognizes higher or lower levels of favorable prior year reserve development, no favorable prior year reserve development or unfavorable prior year reserve development in future periods. In addition, the ongoing review of prior year claims and claim adjustment expense reserves, or other changes in current period circumstances, may result in the Company revising current year loss estimates upward or downward in future periods of the current year.

It is possible that the steps taken by the federal government, particularly the Federal Reserve, to stabilize financial markets and improve economic conditions could lead to higher inflation than the Company had anticipated, which could in turn lead to an increase in the Company’s loss costs and the need to strengthen claims and claim adjustment expense reserves. These impacts of inflation on loss costs and claims and claim adjustment expense reserves could be more pronounced for those lines

of business that are considered “long tail”, such as general liability, as they require a relatively long period of time to finalize and settle claims for a given accident year. For a further discussion, see “Part I—Item 1A—Risk Factors—If actual claims exceed our claims and claim adjustment expense reserves, or if changes in the estimated level of claims and claim adjustment expense reserves are necessary, our financial results could be materially and adversely affected” in the Company’s 2014 Annual Report.

In Business and International Insurance, the Company expects underlying underwriting margins during the remainder of 2015, in light of actual experience in this segment in the same period of 2014, will be modestly higher, reflecting more normalized levels of non-catastrophe weather-related losses and what the Company defines as large losses. The Company expects underlying underwriting margins into 2016 will be broadly consistent

with those in the same period of 2015.

In Bond & Specialty Insurance, the Company expects underlying underwriting margins in the remainder of 2015 will be higher than in the same period of 2014, and underlying underwriting margins into 2016 will be broadly consistent with those in the same period of 2015.

In Personal Insurance, the Company expects underlying underwriting margins in the remainder of 2015 and into 2016 will be lower than in the same periods of 2014 and 2015. In Agency Automobile, the Company expects underlying underwriting margins in the remainder of 2015, in light of actual experience in this segment in the same period of 2014, will be lower, reflecting more normalized levels of loss activity, and underlying underwriting margins into 2016 will be broadly consistent with the same period of 2015. In Agency Homeowners and Other, the Company expects underlying underwriting margins in the remainder of 2015 and into 2016, in light of actual experience in this segment in the same periods of 2014 and 2015, will be lower, reflecting more normalized levels of loss activity, including levels of non-catastrophe weather-related losses. Also in Personal Insurance, the Company's direct to consumer initiative, the distribution channel that the Company launched in 2009, while intended to enhance the Company's long-term ability to compete successfully in a consumer-driven marketplace, is expected to remain modest with respect to premium volume and remain unprofitable for a number of years as this book of business grows and matures.

Consolidation within the insurance industry, including among insurance companies, reinsurance companies and brokers and independent insurance agencies, could alter the competitive environment in which the Company operates, positively or negatively, which may impact the Company's premium volume, the rate it can charge for its products, and the terms on which its products are offered.

Investment Portfolio. The Company expects to continue to focus its investment strategy on maintaining a high-quality investment portfolio and a relatively short average effective duration. The average effective duration of fixed maturities and short-term securities was 4.0 (4.3 excluding short-term securities) at September 30, 2015. From time to time, the Company enters into short positions in U.S. Treasury futures contracts to manage the duration of its fixed maturity portfolio. At September 30, 2015, the Company had \$450 million notional value of open U.S. Treasury futures contracts. The Company continually evaluates its investment alternatives and mix. Currently, the majority of the Company's investments are comprised of a widely diversified portfolio of high-quality, liquid, taxable U.S. government, tax-exempt U.S. municipal and taxable corporate and U.S. agency mortgage-backed bonds.

The Company also invests much smaller amounts in equity securities, real estate, private equity limited partnerships, hedge funds, and real estate partnerships and joint ventures. These investment classes have the potential for higher returns but also the potential for higher degrees of risk, including less stable rates of return and less liquidity.

Net investment income is a material contributor to the Company's results of operations. Interest rates remain at very low levels by historical standards. Based on the current interest rate environment, the Company estimates that the impacts of lower reinvestment yields and a lower level of fixed maturity investments could, for the fourth quarter of 2015 and into 2016, result in approximately \$25 million to \$30 million of lower after-tax net investment income from that portfolio on a quarterly basis as compared to the corresponding periods of 2014 and 2015. Given recent general economic and investment market conditions, the Company expects investment income from the non-fixed maturity portfolio during the remainder of 2015 and into 2016 will be comparable to the same periods of 2014 and 2015. If general economic conditions and/or investment market conditions deteriorate during the remainder of 2015 and into 2016, the Company could also experience a further reduction in net investment income and/or significant realized investment losses, including impairments.

[Table of Contents](#)

The Company had a net pretax unrealized investment gain of \$1.98 billion (\$1.30 billion after-tax) in its fixed maturity investment portfolio at September 30, 2015. While the Company does not attempt to predict future interest rate movements, a rising interest rate environment would reduce the market value of fixed maturity investments and, therefore, reduce shareholders' equity, and a declining interest rate environment would have the opposite effects.

For further discussion of the Company's investment portfolio, see "Investment Portfolio" herein. For a discussion of the risks to the Company's business during or following a financial market disruption and risks to the Company's investment portfolio, see the risk factors entitled "During or following a period of financial market disruption or economic downturn, our business could be materially and adversely affected" and "Our investment portfolio may suffer reduced returns or material realized or unrealized losses" included in "Part I—Item 1A—Risk Factors" in the Company's 2014 Annual Report. For a discussion of the risks to the Company's investments from foreign currency exchange rate fluctuations, see the risk factor entitled "We are subject to a number of risks associated with our business outside the United States" included in "Part I—Item 1A—Risk Factors" in the Company's 2014 Annual Report and see "Part II—Item 7A—Quantitative and Qualitative Disclosure About Market Risk—Foreign Currency Exchange Rate Risk" in the Company's 2014 Annual Report.

Capital Position. The Company believes it has a strong capital position and, as part of its ongoing efforts to create shareholder value, expects to continue to return capital not needed to support its business operations to its shareholders. The Company expects that, generally over time, the combination of dividends to common shareholders and common share repurchases will likely not exceed operating income. In addition, the timing and actual number of shares to be repurchased in the future will depend on a variety of additional factors, including the Company's financial position, earnings, share price, catastrophe losses, maintaining capital levels commensurate with the Company's desired ratings from independent rating agencies, funding of the Company's qualified pension plan, capital requirements of the Company's operating subsidiaries, legal requirements, regulatory constraints, other investment opportunities (including mergers and acquisitions and related financings), market conditions and other factors. For information regarding the Company's common share repurchases in 2015, see "Liquidity and Capital Resources" herein. As a result of the Company's business outside of the United States, primarily in Canada, the United Kingdom (including Lloyd's), the Republic of Ireland and through its joint venture in Brazil, the Company's capital is also subject to the effects of changes in foreign currency exchange rates. For example, strengthening of the U.S. dollar in comparison to other currencies could result in a reduction of shareholders' equity.

For additional discussion of the Company's foreign exchange market risk exposure, see "Part II—Item 7A—Quantitative and Qualitative Disclosure About Market Risk" in the Company's 2014 Annual Report.

Many of the statements in this "Outlook" section are forward-looking statements, which are subject to risks and uncertainties that are often difficult to predict and beyond the Company's control. Actual results could differ materially from those expressed or implied by such forward-looking statements. Further, such forward-looking statements speak only as of the date of this report and the Company undertakes no obligation to update them. See "—Forward Looking Statements." For a discussion of potential risks and uncertainties that could impact the Company's results of operations or financial position, see "Part I—Item 1A—Risk Factors" in the Company's 2014 Annual Report and "Critical Accounting Estimates" herein.

LIQUIDITY AND CAPITAL RESOURCES

Liquidity is a measure of a company's ability to generate sufficient cash flows to meet the cash requirements of its business operations and to satisfy general corporate purposes when needed.

Operating Company Liquidity. The liquidity requirements of the Company's insurance subsidiaries are met primarily by funds generated from premiums, fees, income received on investments and investment maturities. For further discussion of operating company liquidity, see "Part II—Item 7—Management's Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources" in the Company's 2014 Annual Report.

Holding Company Liquidity. TRV's liquidity requirements primarily include shareholder dividends, debt servicing, common share repurchases and, from time to time, contributions to its qualified domestic pension plan. At September 30, 2015, TRV held total cash and short-term invested assets in the United States aggregating \$2.04 billion and having a weighted average maturity of 71 days. Included in the total at September 30, 2015 were net proceeds of \$392 million from the Company's issuance of \$400 million aggregate principal amount of 4.30% senior notes in August 2015. The Company intends to use the net proceeds from this issuance, along with funds generated internally, to retire the \$400 million of maturing debt in December 2015 as described below. It is the opinion of the Company's management that these assets are sufficient to meet TRV's current liquidity requirements and are in excess of TRV's minimum target level, which comprises TRV's estimated annual pretax interest expense and common shareholder dividends, and currently totals approximately \$1.1 billion.

[Table of Contents](#)

TRV is not dependent on dividends or other forms of repatriation from its foreign operations to support its liquidity needs. U.S. income taxes have not been recognized on substantially all of the Company's foreign operations' undistributed earnings as of September 30, 2015, as such earnings are intended to be permanently reinvested in those operations. Furthermore, taxes paid to foreign governments on these earnings may be used as credits against the U.S. tax on dividend distributions if such earnings were to be distributed to the holding company. The amount of undistributed earnings from foreign operations and related taxes on those undistributed earnings were not material to the Company's financial position or liquidity at September 30, 2015.

TRV has a shelf registration statement with the Securities and Exchange Commission which permits it to issue securities from time to time. TRV also has a \$1.0 billion line of credit facility with a syndicate of financial institutions that expires in June 2018. This line of credit also supports TRV's \$800 million commercial paper program, of which \$100 million was outstanding at September 30, 2015. TRV is not reliant on its commercial paper program to meet its operating cash flow needs.

The Company utilized uncollateralized letters of credit issued by major banks with an aggregate limit of approximately \$118 million, to provide a portion of the capital needed to support its obligations at Lloyd's at September 30, 2015. If uncollateralized letters of credit are not available at a reasonable price or at all in the future, the Company can collateralize these letters of credit or may have to seek alternative means of supporting its obligations at Lloyd's, which could include utilizing holding company funds on hand.

On December 1, 2015, the Company's \$400 million, 5.50% senior notes will mature. The Company intends to fund this maturity as described above. On June 20, 2016, the Company's \$400 million, 6.25% senior notes will mature. The Company may refinance this maturing debt through funds generated internally or, depending on market conditions, through funds generated externally.

Operating Activities

Net cash flows provided by operating activities in the first nine months of 2015 and 2014 were \$2.67 billion and \$3.17 billion, respectively. Cash flows in the first nine months of 2015 reflected a higher level of losses and loss adjustment expenses paid as a result of the Company's \$579 million payment in the first quarter of 2015 related to the settlement of the Asbestos Direct Action Litigation as described in more detail in note 12 of notes to the unaudited consolidated financial statements herein.

Investing Activities

Net cash flows used in investing activities in the first nine months of 2015 and 2014 were \$491 million and \$402 million, respectively. The Company's consolidated total investments at September 30, 2015 decreased by \$1.20 billion, or 2% from year-end 2014, primarily reflecting a decrease in the unrealized appreciation of investments, common share repurchases, the impact of changes in foreign currency exchange rates and dividends paid to shareholders, partially offset by net cash flows provided by operating activities and the proceeds from the Company's issuance of debt in August 2015 as described above.

Financing Activities

Net cash flows used in financing activities in the first nine months of 2015 and 2014 were \$2.20 billion and \$2.69 billion, respectively. The totals in both periods primarily reflected common share repurchases and dividends to shareholders, partially offset by the proceeds from employee stock option exercises. In addition, net cash flows used in financing activities in the first nine months of 2015 were partially offset by the proceeds from the issuance of debt in August 2015 as described above.

Dividends. Dividends paid to shareholders were \$557 million and \$549 million in the first nine months of 2015 and 2014, respectively. The declaration and payment of future dividends to holders of the Company's common stock will be at the discretion of the Company's board of directors and will depend upon many factors, including the Company's financial position, earnings, capital requirements of the Company's operating subsidiaries, legal requirements, regulatory constraints and other factors as the board of directors deems relevant. Dividends will be paid by the Company only if declared by its board of directors out of funds legally available, subject to any other restrictions that may be applicable to the Company. On October 20, 2015, the Company announced that it declared a regular quarterly dividend of \$0.61 per share, payable December 31, 2015, to shareholders of record on December 10, 2015.

Share Repurchase Authorization. The Company's board of directors has approved common share repurchase authorizations under which repurchases may be made from time to time in the open market, pursuant to pre-set trading plans meeting the requirements of Rule 10b5-1 under the Securities Exchange Act of 1934, in private transactions or otherwise. The authorizations do not have a stated expiration date. The timing and actual number of shares to be repurchased in the future will depend on a variety of factors, including the Company's financial position, earnings, share price, catastrophe losses, maintaining capital levels commensurate with the Company's desired ratings from independent rating agencies, funding of the Company's qualified pension plan, capital requirements of the Company's operating subsidiaries, legal requirements, regulatory constraints, other investment opportunities (including mergers and acquisitions and related financings), market conditions and other factors. During the three months and nine months ended September 30, 2015, the Company repurchased 7.3 million and 20.8 million shares, respectively, under its share repurchase authorization, for a total cost of \$750 million and \$2.15 billion, respectively. The average cost per share repurchased was \$102.81 and \$103.48, respectively. At September 30, 2015, the Company had \$4.33 billion of capacity remaining under the share repurchase authorization.

Capital Structure. The following table summarizes the components of the Company's capital structure at September 30, 2015 and December 31, 2014.

(in millions)	September 30, 2015	December 31, 2014
Debt:		
Short-term	\$ 900	\$ 500
Long-term	5,861	5,861
Net unamortized fair value adjustments and debt issuance costs	(18)	(12)
Total debt	6,743	6,349
Shareholders' equity:		
Common stock and retained earnings, less treasury stock	24,001	23,956
Accumulated other comprehensive income	32	880
Total shareholders' equity	24,033	24,836
Total capitalization	\$ 30,776	\$ 31,185

The following table provides a reconciliation of total capitalization excluding net unrealized gain on investments to total capitalization presented in the foregoing table.

(dollars in millions)	September 30, 2015	December 31, 2014
Total capitalization excluding net unrealized gain on investments	\$ 29,362	\$ 29,219
Net unrealized gain on investments, net of taxes	1,414	1,966
Total capitalization	\$ 30,776	\$ 31,185
Debt-to-total capital ratio	21.9%	20.4%
Debt-to-total capital ratio excluding net unrealized gain on investments	23.0%	21.7%

The debt-to-total capital ratio excluding net unrealized gain on investments is calculated by dividing (a) debt by (b) total capitalization excluding net unrealized gains and losses on investments, net of taxes. Net unrealized gains and losses on investments can be significantly impacted by

both interest rate movements and other economic factors. Accordingly, in the opinion of the Company's management, the debt-to-total capital ratio calculated on this basis provides another useful metric for investors to understand the Company's financial leverage position. The Company's ratio of debt-to-total capital (excluding after-tax net unrealized investment gains) of 23.0% at September 30, 2015 was within the Company's target range of 15% to 25%.

RATINGS

Ratings are an important factor in assessing the Company's competitive position in the insurance industry. The Company receives ratings from the following major rating agencies: A.M. Best Company (A.M. Best), Fitch Ratings (Fitch), Moody's Investors Service (Moody's) and Standard & Poor's (S&P). The following rating agency actions were taken with respect to the Company since July 21, 2015, the date on which the Company's Form 10-Q for the quarter ended June 30, 2015 was filed with the Securities and Exchange Commission. For additional discussion of ratings, see "Part I—Item 1—Business—Ratings" in the Company's 2014 Annual Report.

- On August 28, 2015, Fitch affirmed all ratings of the Company. The outlook for all ratings is stable.

CRITICAL ACCOUNTING ESTIMATES

For a description of the Company's critical accounting estimates, refer to "Part II—Item 7—Management's Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Estimates" in the Company's 2014 Annual Report. The Company considers its most significant accounting estimates to be those applied to claims and claim adjustment expense reserves and related reinsurance recoverables, investment valuation and impairments, and goodwill and other intangible assets impairments. Except as shown in the table below, there have been no material changes to the Company's critical accounting estimates since December 31, 2014.

Claims and Claim Adjustment Expense Reserves

The table below displays the Company's gross claims and claim adjustment expense reserves by product line. Additional liabilities may arise for amounts in excess of the current related reserves. In addition, the Company's estimate of claims and claim adjustment expenses may change. These additional liabilities or increases in estimates, or a range of either, cannot now be reasonably estimated and could result in income statement charges that could be material to the Company's operating results in future periods. In particular, a portion of the Company's gross claims and claim adjustment expense reserves (totaling \$2.48 billion at September 30, 2015) are for asbestos and environmental claims and related litigation. While the ongoing review of asbestos and environmental claims and associated liabilities considers the inconsistencies of court decisions as to coverage, plaintiffs' expanded theories of liability and the risks inherent in complex litigation and other uncertainties, in the opinion of the Company's management, it is possible that the outcome of the continued uncertainties regarding these claims could result in liability in future periods that differs from current reserves by an amount that could be material to the Company's future operating results. See the preceding discussion of "Asbestos Claims and Litigation" and "Environmental Claims and Litigation."

Gross claims and claim adjustment expense reserves by product line were as follows:

(in millions)	September 30, 2015			December 31, 2014

[Table of Contents](#)

The \$1.25 billion decrease in gross claims and claim adjustment expense reserves since December 31, 2014 primarily reflected the impact of (i) payments related to operations in runoff, including a \$579 million payment related to the settlement of the Asbestos Direct Action Litigation as described in more detail in note 12 of notes to the unaudited consolidated financial statements herein, (ii) net favorable prior year reserve development and (iii) changes in foreign currency exchange rates.

Asbestos and environmental reserves are included in the General liability, Commercial multi-peril and International and other lines in the summary table above. Asbestos and environmental reserves are discussed separately; see “Asbestos Claims and Litigation”, “Environmental Claims and Litigation” and “Uncertainty Regarding Adequacy of Asbestos and Environmental Reserves” in this report.

FUTURE APPLICATION OF ACCOUNTING STANDARDS

See note 1 of notes to the Company’s unaudited consolidated financial statements contained in this quarterly report and in the Company’s 2014 Annual Report for a discussion of recently issued accounting pronouncements.

FORWARD-LOOKING STATEMENTS

This report contains, and management may make, certain “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical facts, may be forward-looking statements. Words such as “may,” “will,” “should,” “likely,” “anticipates,” “expects,” “intends,” “plans,” “projects,” “believes,” “estimates” and similar expressions are used to identify these forward-looking statements. Specifically, statements about the Company’s outlook, share repurchase plans, potential margins, potential returns, future pension plan contributions and the potential impact of investment markets and other economic conditions on the Company’s investment portfolio and underwriting results, among others, are forward looking, and the Company may also make forward-looking statements about, among other things:

- its results of operations and financial condition (including, among other things, premium volume, premium rates, net and operating income, investment income and performance, loss costs, return on equity, and expected current returns and combined ratios);
- the sufficiency of the Company’s asbestos and other reserves;
- the impact of emerging claims issues as well as other insurance and non-insurance litigation;
- the cost and availability of reinsurance coverage;
- catastrophe losses;
- the impact of investment, economic (including rapid changes in commodity prices, such as a significant decline in oil and gas prices, as well as fluctuations in foreign currency exchange rates) and underwriting market conditions; and
- strategic initiatives to improve profitability and competitiveness.

The Company cautions investors that such statements are subject to risks and uncertainties, many of which are difficult to predict and generally beyond the Company’s control, that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements.

Some of the factors that could cause actual results to differ include, but are not limited to, the following:

- catastrophe losses could materially and adversely affect the Company’s results of operations, its financial position and/or liquidity, and could adversely impact the Company’s ratings, the Company’s ability to raise capital and the availability and cost of reinsurance;
- during or following a period of financial market disruption, economic downturn, or prolonged period of slow economic growth, the Company’s business could be materially and adversely affected;
- if actual claims exceed the Company’s claims and claim adjustment expense reserves, or if changes in the estimated level of claims and claim adjustment expense reserves are necessary, the Company’s financial results could be materially and adversely affected;
- the Company’s investment portfolio may suffer reduced or low returns or material realized or unrealized losses;

[Table of Contents](#)

- the Company’s business could be harmed because of its potential exposure to asbestos and environmental claims and related litigation;
- the Company is exposed to, and may face adverse developments involving, mass tort claims such as those relating to exposure to potentially harmful products or substances;
- the effects of emerging claim and coverage issues on the Company’s business are uncertain;
- the intense competition that the Company faces could harm its ability to maintain or increase its business volume and its profitability;
- consolidation within the insurance industry, including among insurance companies, reinsurance companies and brokers and independent insurance agencies, could alter the competitive environment in which the Company operates, which may impact the Company’s premium volume, the rate it can charge for its products, and the terms on which its products are offered;
- the Company may not be able to collect all amounts due to it from reinsurers and reinsurance coverage may not be available to the Company in the future at commercially reasonable rates or at all;
- the Company is exposed to credit risk in certain of its business operations, including reinsurance or structured settlements and investment operations;
- within the United States, the Company’s businesses are heavily regulated by the states in which it conducts business, including licensing and supervision, and changes in regulation may reduce the Company’s profitability and limit its growth;
- changes in federal regulation could impose significant burdens on the Company and otherwise adversely impact the Company’s results;
- a downgrade in the Company’s claims-paying and financial strength ratings could adversely impact the Company’s business volume, adversely impact the Company’s ability to access the capital markets and increase the Company’s borrowing costs;
- the inability of the Company’s insurance subsidiaries to pay dividends to the Company’s holding company in sufficient amounts would harm the Company’s ability to meet its obligations, pay future shareholder dividends or make future share repurchases;
- disruptions to the Company’s relationships with its independent agents and brokers could adversely affect the Company;

- the Company’s efforts to develop new products or expand in targeted markets may not be successful and may create enhanced risks;
- the Company may be adversely affected if its pricing and capital models provide materially different indications than actual results;
- the Company’s business success and profitability depend, in part, on effective information technology systems and on continuing to develop and implement improvements in technology;
- if the Company experiences difficulties with technology, data and network security, including as a result of cyber-attacks, and/or outsourcing relationships, including cloud-based, the Company’s ability to conduct its business could be negatively impacted;
- the Company is subject to a number of risks associated with its business outside the United States, including foreign currency exchange fluctuations and restrictive regulations;
- new regulations outside of the United States, including in the European Union, could adversely impact the Company’s results of operations and limit its growth;
- loss of or significant restrictions on the use of particular types of underwriting criteria, such as credit scoring, or other data or methodologies, in the pricing and underwriting of the Company’s products could reduce the Company’s future profitability;
- acquisitions and integration of acquired businesses may result in operating difficulties and other unintended consequences;
- the Company could be adversely affected if its controls designed to ensure compliance with guidelines, policies and legal and regulatory standards are not effective;
- the Company’s businesses may be adversely affected if it is unable to hire and retain qualified employees;
- intellectual property is important to the Company’s business, and the Company may be unable to protect and enforce its own intellectual property or the Company may be subject to claims for infringing the intellectual property of others;
- changes to existing accounting standards may adversely impact the Company’s reported results;
- changes in U.S. tax laws or in the tax laws of other jurisdictions in which the Company operates could adversely impact the Company; and

- the Company’s share repurchase plans depend on a variety of factors, including the Company’s financial position, earnings, share price, catastrophe losses, maintaining capital levels commensurate with the Company’s desired ratings from independent rating agencies, funding of the Company’s qualified pension plan, capital requirements of the Company’s operating subsidiaries, legal requirements, regulatory constraints, other investment opportunities (including mergers and acquisitions and related financings), market conditions and other factors.

The Company’s forward-looking statements speak only as of the date of this report or as of the date they are made, and the Company undertakes no obligation to update forward-looking statements. For a more detailed discussion of these factors, see the information under the caption “Part I—Item 1A—Risk Factors” in the Company’s 2014 Annual Report filed with the Securities and Exchange Commission and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” herein and in the Company’s 2014 Annual Report.

WEBSITE AND SOCIAL MEDIA DISCLOSURE

From time to time, the Company may use its website and/or social media outlets, such as Facebook and Twitter, as distribution channels of material company information. Financial and other important information regarding the Company is routinely posted on and accessible through and posted on the Company’s website at <http://investor.travelers.com>, its Facebook page at <http://www.facebook.com/travelers> and its Twitter account (@Travelers) at <http://twitter.com/Travelers>. In addition, you may automatically receive email alerts and other information about the Company when you enroll your email address by visiting the “Email Notifications” section at <http://investor.travelers.com>.

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

For the Company’s disclosures about market risk, please see “Part II—Item 7A—Quantitative and Qualitative Disclosures About Market Risk” in the Company’s 2014 Annual Report filed with the Securities and Exchange Commission. There have been no material changes to the Company’s disclosures about market risk in Part II—Item 7A of the Company’s 2014 Annual Report.

Item 4. CONTROLS AND PROCEDURES

The Company maintains disclosure controls and procedures (as that term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (Exchange Act)) that are designed to ensure that information required to be disclosed in the Company’s reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission’s rules and forms, and that such information is accumulated and communicated to the Company’s management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures. Any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. The Company’s management, with the participation of the Company’s Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the design and operation of the Company’s disclosure controls and procedures as of September 30, 2015. Based upon that evaluation, the Company’s Chief Executive Officer and Chief Financial Officer concluded that, as of September 30, 2015, the design and operation of the Company’s disclosure controls and procedures were effective to accomplish their objectives at the reasonable assurance level.

In addition, there was no change in the Company’s internal control over financial reporting (as that term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during the quarter ended September 30, 2015 that has materially affected, or is reasonably likely to materially affect, the Company’s internal control over financial reporting.

Item 1A. RISK FACTORS

For a discussion of the Company’s potential risks or uncertainties, please see “Part I—Item 1A—Risk Factors” in the Company’s 2014 Annual Report filed with the Securities and Exchange Commission. In addition, please see “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Outlook” and “—Critical Accounting Estimates” herein and in the Company’s 2014 Annual Report. There have been no material changes to the risk factors disclosed in Part I—Item 1A of the Company’s 2014 Annual Report.

Item 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The table below sets forth information regarding repurchases by the Company of its common stock during the periods indicated.

ISSUER PURCHASES OF EQUITY SECURITIES

<u>Period Beginning</u>	<u>Period Ending</u>	<u>Total number of shares purchased</u>	<u>Average price paid per share</u>	<u>Total number of shares purchased as part of publicly announced plans or programs</u>	<u>Approximate dollar value of shares that may yet be purchased under the plans or programs (in millions)</u>
July 1, 2015	July 31, 2015	984,649	\$ 105.81	983,661	\$ 4,980
August 1, 2015	August 31, 2015	4,034,161	\$ 104.01	4,033,184	\$ 4,560
Sept. 1, 2015	Sept. 30, 2015	2,282,095	\$ 99.40	2,278,292	\$ 4,334
Total		7,300,905	\$ 102.81	7,295,137	\$ 4,334

The Company’s board of directors has approved common share repurchase authorizations under which repurchases may be made from time to time in the open market, pursuant to pre-set trading plans meeting the requirements of Rule 10b5-1 under the Securities Exchange Act of 1934, in private transactions or otherwise. The authorizations do not have a stated expiration date. The timing and actual number of shares to be repurchased in the future will depend on a variety of factors, including the Company’s financial position, earnings, share price, catastrophe losses, maintaining capital levels commensurate with the Company’s desired ratings from independent rating agencies, funding of the Company’s qualified pension plan, capital requirements of the Company’s operating subsidiaries, legal requirements, regulatory constraints, other investment opportunities (including mergers and acquisitions and related financings), market conditions and other factors.

The Company acquired 5,768 shares for a total cost of approximately \$0.6 million during the three months ended September 30, 2015 that were not part of the publicly announced share repurchase authorization. These shares consisted of shares retained to cover payroll withholding taxes in connection with the vesting of restricted stock awards and shares used by employees to cover the exercise price of certain stock options that were exercised.

Item 5. OTHER INFORMATION

Executive Ownership and Sales. All of the Company’s executive officers hold equity in the Company in excess of the required level under the Company’s executive stock ownership policy. For a summary of this policy as currently in effect, see “Compensation Discussion and Analysis — Stock Ownership Guidelines, Anti-Hedging and Pledging Policies, and Other Trading Restrictions” in the Company’s proxy statement filed with the Securities and Exchange Commission on April 3, 2015. From time to time, some of the Company’s executives may determine that it is advisable to diversify their investments for personal financial planning reasons, or may seek liquidity for other reasons, and may sell shares of common stock of the Company in the open market, in private transactions or to the Company. To effect such sales, some of the Company’s executives have entered into, and may in the future enter into, trading plans designed to comply with the Company’s Securities Trading Policy and the provisions of Rule 10b5-1 under the Securities Exchange Act of 1934. The trading plans will not reduce any of the executives’ ownership of the Company’s shares below the applicable executive stock ownership guidelines. The Company does not undertake any obligation to report Rule 10b5-1 plans that may be adopted by any employee or director of the Company in the future, or to report any modifications or termination of any publicly announced plan.

74

[Table of Contents](#)

As of the date of this report, Jay S. Fishman, Chairman and Chief Executive Officer, and Alan D. Schnitzer, Vice Chairman and Chief Executive Officer, Business and International Insurance, were the only “named executive officers” (i.e., an executive officer named in the compensation disclosures in the Company’s most recent proxy statement) that have entered into Rule 10b5-1 trading plans that remain in effect. The trading plans extend from approximately one to six months from the date of this report. Under the Company’s stock ownership guidelines, Mr. Fishman

has a target ownership level established as the lesser of 150,000 shares or the equivalent value of 500% of base salary, and Mr. Schnitzer has a target ownership level established as the lesser of 30,000 shares or the equivalent value of 300% of base salary (as such amount is calculated for purposes of the stock ownership guidelines).

Re: Letter Agreement Amendment

Dear Jay:

I am writing to confirm your agreement to certain changes to the terms of your employment letter agreement with The Travelers Companies, Inc. (the "Company"), dated as of December 19, 2008 (previously amended on March 24, 2014) (the "Employment Agreement"), as set forth below. Capitalized terms used herein without definition have the meanings assigned to such terms under your Employment Agreement. Effective as of the date hereof, the Employment Agreement shall be amended as follows:

- Section 2(a) of the Employment Agreement is hereby amended to remove the first sentence thereof and insert the following in its place:
"Until the close of business on December 1, 2015 or such earlier transition date mutually agreed between you and the Board (the "**Transition Date**"), you will continue to serve as Chief Executive Officer of the Company, and you will also continue to serve as Chairman of the Board of the Company. From and after the Transition Date, you will cease serving as Chief Executive Officer and you will serve as Executive Chairman of Company and Chairman of the Board of the Company."
- Section 2(a) of the Employment Agreement is further amended to remove the last sentence thereof and insert the following in its place:
"During the Remaining Term, you will report solely and directly to the Board, and, for so long as you are serving as Chief Executive Officer, all other executives will report to you."
- Section 4 of the Employment Agreement is hereby amended to add the following sentence:
Upon any termination of your employment (other than a termination by the Company for Cause), you will be entitled to receive any unpaid Annual Bonus for any prior year and a partial Annual Bonus for the year in which such termination occurs, prorated for the portion of the year prior to the Retirement Date (as

defined in Section 8 below), in each case based on actual Company performance for the relevant full year. Any such Annual Bonus payment will be made to you at the same time when annual bonuses are paid to the Company's other executive officers.

- Section 8 of the Employment Agreement is hereby amended to add a new Section 8(e), as follows:

“(e) *Transition and Succession*. Subject to Sections 1 and 2 above, and the foregoing provisions of this Section 8, you will continue to serve in the positions and perform the roles specified in Section 2 until your employment terminates in accordance with this Section 8 (the “**Retirement Date**”). Following your Retirement Date you will continue to consult with the Company’s Chief Executive Officer and with the Board with respect to historical and forward-looking strategic issues affecting the Company. You agree to remain available to do so at the request of the Chief Executive Officer or the Board until the third anniversary of your Retirement Date. During this three (3) year period you will not be paid a consulting fee; however, you and the Company will continue to be required to observe and comply with the provisions of Section 7(d) regarding your transportation arrangements on the same terms and in the same manner that applied as of August 4, 2015 (i.e., you may continue to travel on Company aircraft and use the Company-provided car and driver on the same terms and in the same manner, subject, in the case of aircraft use, to availability and priority use for business purposes and the reimbursement provisions that exist as of August 4, 2015). During this three (3) year period the Company will continue to make available for your use the Company’s senior executive technical support services for computer, communication, smart phone and security hardware and software on the same terms and in the same manner made available to the senior executives of the Company. To the extent you require the support of a personal assistant during this three (3) year period, you will have access to your former personal assistant (or, in the event of her departure, another administrative assistant employed by the Company reasonably satisfactory to you), with secretarial workspace and systems access and support at the Company’s offices comparable to those provided to other senior executive administrative assistants. You will reimburse the Company on a reasonable agreed basis, as requested, for any direct incremental costs associated with the services of the personal assistant.”

- Section 8(a) of the Employment Agreement is hereby amended to:

First, restate the first two lines of that section to read as follows —

“(a) *Resignation for Good Reason and Certain Terminations Without Cause*. If you terminate your employment for Good Reason or your employment is terminated by the Company without Cause and such termination without Cause occurs either prior to December 1, 2015 or at any time in connection with or following a Change in Control (as defined below), you will receive:” ;

2

and

Second, to add the following new subsection at the end of Section 8(a) —

“(iii) Any termination of your employment by the Company without Cause occurring after December 1, 2015 shall be subject to 30-days advance notice by the Company.”

- Section 8 of the Employment Agreement is hereby further amended to add the following clause at the end of the definition of “Good Reason” appearing in Section 8:

“; and *provided* finally that notwithstanding the foregoing, the change in your position and corresponding duties and responsibilities from Chief Executive Officer to Executive Chairman as of the Transition Date in accordance with Section 2(a) (and the corresponding appointment by the Company of a new Chief Executive Officer who will report direct to the Board) will not constitute Good Reason.”

3

Except as set forth above, the terms of your Employment Agreement (including, without limitation, the restrictive covenants set forth therein) shall continue in full force and effect.

Sincerely,

THE TRAVELERS COMPANIES, INC.

Section 3: EX-10.2 (EX-10.2)

Exhibit 10.2

Execution Copy

August 4, 2015

Mr. Alan D. Schnitzer
485 Lexington Avenue
New York, NY 10017

Dear Alan:

I am pleased to provide you with this letter to confirm your pending appointment as the Chief Executive Officer of The Travelers Companies, Inc. (the "Company"), effective as of December 1, 2015 or such earlier date as mutually agreed with the Board of Directors (the "Transition Date"). This letter sets forth the modifications to the existing terms under which you are employed in connection with your pending promotion to Chief Executive Officer, and, except as otherwise indicated below, those terms are effective immediately upon your execution of this letter.

Position; Duties

You will serve as Chief Executive Officer of the Company commencing on the Transition Date. In such capacity, you will report directly to the Board of Directors and perform such duties as are consistent with your position. On the Transition Date, you will be appointed to serve on the Board of Directors, and as a member of its Executive Committee. At each annual meeting of the stockholders of the Company while you are serving as Chief Executive Officer at which your seat is up for reelection, the Company will nominate you for reelection as a member of the Board of Directors to the extent that the nomination is not prohibited by legal or regulatory requirements and reappoint you to the Executive Committee.

Base Salary / Bonus

Your annual base salary is increased to \$1,000,000 per annum, payable in accordance with normal payroll, to be reviewed annually and subject to adjustment in the discretion of our Compensation Committee. Your annual cash incentive bonus will be determined by our Compensation Committee from time to time in its discretion.

Equity Incentives

Your equity awards will have terms and conditions similar to those applicable to, and will be granted at the same time as, awards granted to other senior executives of the Company, except that notwithstanding any provision to the contrary contained in any equity award agreement to which you are or become a party, if your employment is terminated by the Company without Cause or if you terminate your employment for Good Reason (as such terms are defined below) in either case within the 24 month period following a Change of Control (as defined in Section 12 (f) your Non-Competition Agreement, which definition is incorporated herein by reference as if set forth herein in its entirety), all outstanding time-based equity awards held by you (whether granted prior to or after the date hereof), including any performance-based

awards that convert to time-based awards pursuant to the following sentence, will become fully vested and, in the case of stock options or similar rights, will become fully exercisable. Each award that vests in whole or in part based on performance will convert to a time-based award upon the Change of Control with respect to the number of shares corresponding to the level of return on equity (ROE) performance or such other measure of performance, as applicable, through the end of the most recently completed fiscal year prior to the Change of Control (or in the case of a grant outstanding less than one year, at 100%), and such time-based award will vest on the same date that the performance-based award would have been eligible for vesting, subject to acceleration as set forth in the preceding sentence. Notwithstanding the foregoing, to the extent that the ultimate parent or surviving entity does not assume your outstanding equity awards in the transaction effecting the Change of Control, such outstanding equity awards will vest upon the Change of Control (in the case of awards that vest in whole or in part based on performance, with respect to the number of shares determined pursuant to the same methodology described in the preceding sentence).

The Company agrees to include the terms specified above in your award agreements for awards granted after the date hereof.

Severance

If at any time your employment is terminated by the Company without Cause or if you terminate your employment for Good Reason (as such terms are defined below), you will be entitled to the following severance benefits, conditional upon your execution, within 45 days of your termination, and non-revocation of a Waiver and Release in the form attached as Exhibit A (the "Waiver and Release"):

(i) The Company will pay you (or, in the event of your death after you have become entitled to severance benefits, your estate) cash severance benefits in an amount equal to 24 months of your total monthly cash compensation,

which is the sum of (x) 1/12th of your annual base salary as in effect at the time of your termination, without regard to any reduction thereof that would constitute Good reason ("Final Base Salary"), plus (y) the greater of 1/12th of the average of your two most recent annual cash incentive bonuses or 1/12th of 250% of Final Base Salary. The cash severance benefits will be paid as follows:

A. No amount will be paid until the first payroll date following the six month anniversary of termination of your employment.

B. On the first payroll date following the six month anniversary of termination of your employment, or as soon as reasonably practicable thereafter, you will receive a single lump-sum payment equal to one-half your Final Base Salary.

2

C. Starting with the first payroll date following the six month anniversary of termination of your employment and continuing for a total of six months, you will receive a monthly amount equal to 1/12th of your Final Base Salary.

D. On the first payroll date following the one year anniversary of termination of your employment, or as soon as reasonably practicable thereafter, you will receive a single lump-sum payment equal to the total cash severance benefits calculated above, reduced by the previous payments made to you under clauses B. and C. above.

(ii) The Company will continue your participation in the Company's medical and dental plans on substantially the same terms as in effect for active employees of the Company for a period of 24 months following the date of your termination of employment. Notwithstanding the foregoing, at the Company's election, the Company may offer continued coverage to you through Section 4980B of the Internal Revenue Code ("COBRA") until the date as of which you are no longer entitled to COBRA coverage, obtain insurance coverage for you, or provide you with access to such coverage through the health insurance marketplace, provided such coverage is at least as favorable as that which would have been provided under the Company plans. The Company will reimburse you for the amount of any COBRA premiums that you are required to pay or insurance premiums that you pay for such coverage (or a combination of the above) for the 24 month period. Such reimbursements will be made promptly, but in no event later than the last day of the calendar year following the year of your premium payment, and the amount reimbursed in one year will not affect the amount eligible for reimbursement in any other year. If the Company determines that any provision of then-current law would prohibit the payments called for by this paragraph, impose a tax or penalty on the Company that is more than five times (5x) the payment due to you, or impose any adverse tax consequence or penalty on the medical plan or other employees of the Company, and such prohibition or adverse consequence can be avoided by reformation of the terms of such payment in a manner that preserves the value of the payment to you at a comparable cost to the Company, and such reformation is not prohibited and does not create an adverse tax consequence to the Company, the medical plan or to you or other employees, such reformation will be made in a manner that preserves as closely as possible the provisions of clause (ii) of this paragraph. Otherwise, the provisions of clause (ii) will be ineffective and the payments contemplated by clause (ii) will not be made to you.

You acknowledge that you will not be eligible to participate in the

3

Company's Severance Plan.

Other

As long as you are Chief Executive Officer, the Company will provide you with security/transportation consistent with what is currently provided to Mr. Fishman. Additionally, you will be entitled to receive all other employee benefits generally applicable to other senior executives of the Company.

Prior Agreements

This letter will supersede the terms of your existing offer letter dated April 15, 2007, other than those related to your pension buyout, for which the Company will remain obligated.

This letter will supersede the terms of your existing Non-Solicitation and Non-Disclosure Agreement, attached as an annex hereto, provided that Sections 2(d), 3, 4(a) and (b) (including the lead-in language at the beginning of such Section 4), 5 through 8, 10, 11, 12(a) and 13 will be incorporated herein by reference as if set forth herein in their entirety.

Your Non-Competition Agreement, attached as an annex hereto, will remain in full force and effect, provided that the parties hereto agree that the Company is hereby irrevocably exercising its Non-Competition Option (as defined by Section 3(c)(i) of the Non-Competition Agreement) in the event of the termination of your employment by the Company without Cause or by you for Good Reason (as such terms are defined below) in either case within the 24 month period following a Change of Control (as defined in the Non-Competition Agreement), for all purposes under the Non-Competition Agreement. The parties hereto agree that for purposes of Section 12(e) of the Non-Competition Agreement such Non-Competition Option will be deemed to have been exercised as of the date hereof. Additionally, the Non-Competition Agreement shall not be terminated without your consent to the extent that such termination

could impact the effectiveness of the Non-Competition Option as described herein.

For the avoidance of doubt, any payments to which you may be entitled under your Non-Competition Agreement shall be in addition to, and not in lieu of, any severance benefits to which you may be entitled under this letter.

Miscellaneous

The Company will reimburse you for reasonable legal and other professional fees and expenses incurred by you in connection with negotiating this agreement. You will be responsible for any taxes that you incur with respect to the reimbursement contemplated by this paragraph.

In the event that any payment or benefit received or to be received by

you (whether pursuant to the terms of this letter or any other plan, arrangement or agreement) (all such payments and benefits being hereinafter referred to as the "Total Payments") would be subject (in whole or part), to the any excise tax imposed under Section 4999 of the Internal Revenue Code of 1986, as amended (the "Code"), then, the portion of the Total Payments that constitute parachute payments within the meaning of Section 280G of the Code will first be reduced, beginning with the latest payments and working down to the earliest payments, and the portion of the Total Payments that are not wholly parachute payments will thereafter be reduced, to the extent necessary so that no portion of the Total Payments is subject to such excise tax but only if (i) the net amount of such Total Payments, as so reduced (and after subtracting the net amount of federal, state and local income taxes on such reduced Total Payments and after taking into account the phase out of itemized deductions and personal exemptions attributable to such reduced Total Payments) is greater than or equal to (ii) the net amount of such Total Payments without such reduction (but after subtracting the net amount of federal, state and local income taxes on such Total Payments and the amount of excise tax to which you would be subject in respect of such unreduced Total Payments and after taking into account the phase out of itemized deductions and personal exemptions attributable to such unreduced Total Payments).

For purposes of determining whether and the extent to which the Total Payments will be subject to the excise tax imposed by Section 4999 of the Code, (x) no portion of the Total Payments the receipt or enjoyment of which you waive at such time and in such manner as not to constitute a "payment" within the meaning of section 280G(b) of the Code will be taken into account, (y) no portion of the Total Payments will be taken into account which, in the opinion of tax counsel ("Tax Counsel") reasonably acceptable to you and selected by the accounting firm (the "Auditor") which was, immediately prior to the Change of Control, the Company's independent auditor, does not constitute a "parachute payment" within the meaning of section 280G(b)(2) of the Code (including by reason of section 280G(b)(4)(A) of the Code) and, in calculating such excise tax, no portion of such Total Payments will be taken into account which, in the opinion of Tax Counsel, constitutes reasonable compensation for services actually rendered, within the meaning of section 280G(b)(4)(B) of the Code, (allocated in accordance with Section 280G of the Code), and (z) the value of any non-cash benefit or any deferred payment or benefit included in the Total Payments will be determined by the Auditor in accordance with the principles of sections 280G(d)(3) and (4) of the Code.

This letter is intended to comply with Section 409A of the Code ("Section 409A"), or an exemption, and payments may only be made

under this letter upon an event and in a manner permitted by Section 409A, to the extent applicable. Any payments that qualify for the "short-term deferral" exception or another exception under Section 409A will be paid under the applicable exception. Notwithstanding anything in this letter to the contrary, if required by Section 409A, if you are considered a "specified employee" for purposes of Section 409A and if payment of any amounts under this letter is required to be delayed for a period of six months after separation from service pursuant to Section 409A, payment of such amounts will be delayed as required by Section 409A, and the accumulated amounts will be paid in a lump sum payment within 14 days after the end of the six-month period. If you die during the postponement period prior to the payment of benefits, the amounts withheld on account of Section 409A will be paid to the personal representative of your estate within 60 days after the date of your death. All payments to be made upon a termination of employment under this letter may only be made upon a "separation from service" under Section 409A. For purposes of Section 409A, each payment hereunder will be treated as a separate payment and the right to a series of installment payments under this letter will be treated as a right to a series of separate payments. In no event may you, directly or indirectly, designate the calendar year of a payment. All reimbursements and in-kind benefits provided under this letter will be made or provided in accordance with the requirements of Section 409A, including, where applicable, the requirement that (i) any reimbursement is for expenses incurred during the period of time specified in this letter or if no such period is specified, during your lifetime, (ii) the amount of expenses eligible for reimbursement, or in kind benefits provided, during a calendar year may not affect the expenses eligible for reimbursement, or in kind benefits to be provided, in any other calendar year, (iii) the reimbursement of an eligible expense will be made no later than the last day of the calendar year following the year in which the expense is incurred, and (iv) the right to reimbursement or in kind benefits is not subject to liquidation or exchange for another benefit.

Good Reason

For purposes hereof, "Good Reason" will exist if (i) there is a reduction in your base salary, bonus opportunity, or aggregate compensation opportunity (except, in the case of short- or long-term incentive opportunities, for year over year reductions in payout due to performance), (ii) there is a diminution in your title, duties, or responsibilities, including but not limited to (x) once appointed Chief Executive Officer, your ceasing to be the chief executive officer of a publicly traded corporation and (y) any requirement that you report to anyone other than the Board of Directors, (iii) there is a consequential, involuntary relocation of your principal place of business or (iv) a material breach by the Company of this letter.

Cause

For purposes hereof, "Cause" means your conviction of any felony, your willful misconduct in connection with the performance of your duties with the Company, or your taking illegal action in your business or personal life that harms the reputation or damages the good name of the Company.

**Successors,
Governing Law and
Other Matters**

This letter will be binding on and inure to the benefit of our respective successors and, in your case, your heirs and other legal representatives. The rights and obligations described in this letter may not be assigned by either party without the prior written consent of the other party.

This letter will be governed by and construed in accordance with the laws of the State of Minnesota, without reference to rules relating to conflict of laws.

This letter may not be amended or terminated without the prior written consent of you and the Company.

This letter may be executed in any number of counterparts which together will constitute but one agreement.

WAVIER AND RELEASE

I, Alan D. Schnitzer, in consideration for the payment of the severance described in my Letter Agreement dated August [4], 2015, for myself and my heirs, executors, administrators and assigns, do hereby knowingly and voluntarily release and forever discharge The Travelers Companies, Inc. (the "Company") and its respective predecessors, successors and affiliates and current and former directors, officers and employees from any and all claims, actions and causes of action under those federal, state and local laws prohibiting employment discrimination based on age, sex, race, color, national origin, religion, disability, veteran or marital status, sexual orientation or any other protected trait or characteristic, or retaliation for engaging in any protected activity, including without limitation, the Age Discrimination in Employment Act of 1967, 29 U.S.C. § 621 *et seq.*, as amended by the Older Workers Benefit Protection Act, P.L. 101-433, the Equal Pay Act of 1963, 9 U.S.C. § 206, *et seq.*, Title VII of The Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000e *et seq.*, the Civil Rights Act of 1866, 42 U.S.C. § 1981, the Civil Rights Act of 1991, 42 U.S.C. § 1981a, the Americans with Disabilities Act, 42 U.S.C. § 12101, *et seq.*, the Rehabilitation Act of 1973, 29 U.S.C. § 791 *et seq.*, the Family and Medical Leave Act of 1993, 28 U.S.C. §§ 2601 and 2611 *et seq.*, whether KNOWN OR UNKNOWN, fixed or contingent, which I ever had, now have, or may have, or which my heirs, executors, administrators or assigns hereafter can, will or may have from the beginning of time through the date on which I sign this Full and Complete Release (this "Release"), including without limitation those arising out of or related to my employment or separation from employment with the Company (collectively the "Released Claims"). Notwithstanding the above, I do not release, and the Released Claims shall not include (i) any entitlements under the Letter Agreement or the Non-Competition Agreement, dated February 2, 2010, (ii) any right to indemnification I may have as a director, officer or employee pursuant to applicable law, the Company's Bylaws, and/or the Company's certificate

of incorporation, (iii) any rights to any earned and vested benefits (including equity awards) to which I am entitled under the terms of any employee benefit plan maintained by the Company or any of its subsidiaries, or (iv) any claims I may have as a stockholder of the Company.

I warrant and represent that I have made no sale, assignment or other transfer, or attempted sale, assignment or other transfer, of any of the Released Claims.

I fully understand and agree that:

1. this Release is in exchange for severance payment to which I would otherwise not be entitled;
2. no rights or claims are released or waived that may arise after the date this Release is signed by me;
3. I am hereby advised to consult with an attorney before signing this Release;
4. I have 21 days from my receipt of this Release within which to consider whether or not to sign it;
5. I have 7 days following my signature of this Release to revoke the Release; and
6. this Release will not become effective or enforceable until the revocation period of 7 days has expired.

If I choose to revoke this Release, I must do so by notifying the Company in writing. This written notice of revocation must be mailed by U.S. first class mail or by U.S. certified mail within the 7 day revocation period and addressed as follows:

The Travelers Companies, Inc.
Attention: General Counsel
385 Washington Street
St. Paul, Minnesota 55102

9

This Release is the complete understanding between me and the Company in respect of the subject matter of this Release and supersedes all prior agreements relating to the same subject matter. I have not relied upon any representations, promises or agreements of any kind except those set forth herein in signing this Release.

In the event that any provision of this Release should be held to be invalid or unenforceable, each and all of the other provisions of this Release will remain in full force and effect. If any provision of this Release is found to be invalid or unenforceable, such provision will be modified as necessary to permit this Release to be upheld and enforced to the maximum extent permitted by law.

This Release is to be governed and enforced under the laws of the State of Minnesota (except to the extent that Minnesota conflicts of law rules would call for the application of the law of another jurisdiction).

This Release inures to the benefit of the Company and its successors and assigns.

I have carefully read this Release, fully understand each of its terms and conditions, and intend to abide by this Release in every respect. As such, I knowingly and voluntarily sign this Release.

Section 4: EX-10.3 (EX-10.3)

Exhibit 10.3

TIME SHARING AGREEMENT

THIS TIME SHARING AGREEMENT (this "Agreement") is entered into this 2nd day of September, 2015, by and between THE TRAVELERS INDEMNITY COMPANY, a Connecticut corporation with a place of business at One Tower Square, Hartford, Connecticut 06183 ("TIC"), and ALAN D. SCHNITZER, with a business address at 485 Lexington Avenue, New York, New York 10017 ("Lessee").

WITNESSETH:

WHEREAS, TIC operates aircraft from time to time (individually and collectively, the "Aircraft") under Part 91 of the Federal Aviation Regulations ("FAR's") incidental to its primary business; and

WHEREAS, TIC engages a fully-qualified and credentialed flight crew to operate the Aircraft; and

WHEREAS, TIC has agreed to lease the Aircraft to Lessee on a non-exclusive "time sharing" basis as defined in Section 91.501(c)(1) of the FAR's for Personal Use (as defined below), upon the terms and subject to the conditions set forth herein.

NOW, THEREFORE, in consideration of the foregoing, and the covenants and agreements set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, TIC and Lessee, each intending to be legally bound, hereby agree as follows:

1. Lease of Aircraft.

(a) TIC agrees to lease the Aircraft to Lessee pursuant to the provisions of Section 91.501(b)(6), Section 91.501(c)(1) and Section 91.501(d) of the FAR's and this Agreement for all Personal Use during the Term (as defined in Section 2) of this Agreement, and to provide a fully-qualified and credentialed flight crew for all flights to be conducted hereunder. The parties acknowledge and agree that this Agreement did not result in any way from any direct or indirect advertising, holding out or soliciting on the part of TIC or any person purportedly acting on behalf of TIC.

(b) To the extent that any of the Aircraft is an aircraft to which FAR 91.501 is inapplicable, TIC shall satisfy the Small Aircraft Exemption (the "Small Aircraft Exemption") available to members of the National Business Aviation Association (Federal Aviation Administration ("FAA") Exemption 7897, as renewed, superseded or modified from time to time).

(c) If TIC ceases to operate an Aircraft as a result of the sale or other disposition of the Aircraft or otherwise, this Agreement shall be deemed terminated as to such Aircraft but shall remain in full force and effect with respect to each of the other Aircraft. No such termination shall affect any of the rights or obligations of the parties accrued or incurred hereunder prior to such termination.

1

If in the future TIC operates any additional aircraft, the term "Aircraft" under this Agreement shall be deemed to be modified to include such Aircraft, and thereafter this Agreement shall remain in full force and effect with respect to such Aircraft and each of the other Aircraft.

(d) For purposes of this Agreement, "Personal Use" means any use of the Aircraft hereunder, whether domestic or international, other than for the business purposes of TIC, its subsidiaries or affiliates. For the avoidance of doubt, "Personal Use" shall (a) include (i) all flight segments operated hereunder with passengers aboard and all flight segments operated hereunder without passengers aboard ("empty leg" flights) in order to position the Aircraft to the point of initial departure and/or to re-position the Aircraft from the destination to the Aircraft's home base and (ii) use of the Aircraft for the transportation of guests of Lessee, and (b) exclude travel which would for Federal income tax purposes be deemed commuting by Lessee.

2. Term. The term of this Agreement (the "Term") shall commence on the date first set forth above and, unless terminated in accordance with the provisions hereof, shall continue for an initial term of one year and thereafter shall automatically renew for successive one-year terms. Notwithstanding anything herein to the contrary, this Agreement shall terminate upon the date of Lessee's termination of employment as Chief Executive Officer of The Travelers Companies, Inc. No termination of this Agreement shall affect any of the rights or obligations of the parties accrued or incurred hereunder prior to such termination.

3. Payment for Use of Aircraft.

(a) As payment for Personal Use of the Aircraft pursuant to this Agreement, Lessee shall pay TIC the maximum amount legally payable for each such Personal Use under FAR Section 91.501(d), as in effect from time to time. As of the date of this Agreement, the maximum amount legally payable for Personal Use conducted under this Agreement consists of the following actual expenses of such flight:

- (1) fuel, oil, lubricants and other additives;
- (2) travel expenses of crew, including food, lodging and ground transportation;
- (3) hangar and tie-down costs away from the Aircraft's base of operation;
- (4) insurance obtained for the specific flight;
- (5) landing fees, airport taxes and similar assessments;
- (6) customs, foreign permit and similar fees directly related to the flight;
- (7) in-flight food and beverages;

(8) passenger ground transportation;

2

(9) flight planning and weather contract services; and

(10) an additional charge equal to 100% of the expenses listed in Section 3(a)(1).

Notwithstanding the foregoing or anything in this Agreement to the contrary, Lessee shall not be required to pay TIC, for any Personal Use, any amounts in excess of the aggregate incremental costs to TIC, its subsidiaries or affiliates, incurred in connection with such Personal Use as such aggregate incremental costs are determined for purposes of Item 402 of Regulation S-K under the Securities Exchange Act of 1934, as amended.

(b) Notwithstanding anything in this Agreement to the contrary, to the extent that Lessee and TIC agree that it is appropriate for Lessee to reimburse TIC for all or a portion of the use of the Aircraft which would otherwise be considered a use of the Aircraft for a "business purpose," such use will be governed by, and such reimbursement of all or a portion of the use of the Aircraft shall be made pursuant to, this Agreement as if such use were "Personal Use."

4. Operational Control of Aircraft. TIC and Lessee intend and agree that on all flights conducted under this Agreement, TIC shall have complete and exclusive operational control over the Aircraft, its flight crews and maintenance, and complete and exclusive possession, command and control of the Aircraft. TIC shall have complete and exclusive responsibility for scheduling, dispatching and flight-following of the Aircraft on all flights conducted under this Agreement, which responsibility includes the sole and exclusive right over initiating, conducting and terminating such flights. Nothing in this Agreement is intended or shall be construed so as to convey to Lessee any operational control over, or possession, command and control of, the Aircraft, all of which are expressly retained by TIC.

5. Scheduling.

(a) Lessee will provide the designated authorized representative(s) of TIC with requests for flight time and proposed flight schedules as far in advance of any given flight under this Agreement as possible in accordance with policies established from time to time by TIC. Requests for flight time shall be in such form (whether oral or written) mutually convenient to, and agreed upon by, the parties. In addition to proposed schedules and flight times, Lessee shall upon request provide TIC with the following information for each proposed flight prior to scheduled departure: (i) departure point; (ii) destination; (iii) date and time of flight; (iv) the number and names of anticipated passengers; (v) the nature and extent of luggage to be carried; (vi) the date and time of a return flight, if any; and (vii) any other pertinent information concerning the proposed flight that TIC or the flight crew may request.

(b) Subject to Aircraft and crew availability, TIC shall use its good faith efforts, consistent with TIC's approved policies, in order to accommodate the needs of Lessee, to

3

avoid conflicts in scheduling, and to enable Lessee to enjoy the benefits of this Agreement.

(c) Although every good faith effort shall be made to avoid its occurrence, any flight scheduled under this Agreement is subject to cancellation by either party without incurring liability to the other party. In the event that cancellation is necessary, the canceling party shall provide the maximum notice practicable.

(d) TIC shall not be liable to Lessee or any other person for loss, injury or damage occasioned by the delay or failure to furnish the Aircraft and flight crew pursuant to this Agreement for any reason.

6. Billing. TIC shall pay or cause to be paid all expenses relating to the operation of the Aircraft under this Agreement. As soon as possible after the end of each calendar quarter during the Term, TIC shall provide to Lessee an invoice showing all Personal Use of the Aircraft under this Agreement during that quarter and a complete accounting detailing all amounts payable by Lessee pursuant to Section 3 for that quarter, including such detail supporting all expenses paid or incurred by TIC for which reimbursement is sought as Lessee may reasonably request. Promptly after execution of this Agreement, Lessee agrees to maintain with TIC an appropriate agreed-upon advance deposit, to be applied by TIC against any amounts owed by Lessee under Section 3 and any Federal excise taxes due on such amounts, and to replenish such deposit (within thirty (30) days of notice from TIC that funds on deposit are insufficient) in mutually-agreed amounts (with any balance to be returned to Lessee upon termination of this Agreement).

7. Maintenance of Aircraft. TIC shall be solely responsible for securing maintenance, preventive maintenance and inspections of the Aircraft (utilizing an inspection program listed in FAR Section 91.409(f)), and shall take such requirements into account in scheduling the Aircraft hereunder. TIC shall not delay or postpone any maintenance, preventive maintenance or inspections of the Aircraft unless such maintenance or inspection can be deferred in compliance with applicable laws, regulations and TIC's maintenance program, and will not, in the discretion of TIC and the pilot-in-command, adversely affect safety. TIC shall not be liable to Lessee or any other person for loss, injury or damage occasioned by the delay or failure to furnish the Aircraft and flight crew pursuant to this Agreement for any reason, whether or not maintenance-related.

8. Flight Crew.

(a) TIC shall employ or engage and pay all salaries, benefits and and/or compensation for a fully-qualified and credentialed flight crew with appropriate credentials to conduct each flight undertaken under this Agreement. All flight crewmembers shall be included on any insurance policies that TIC is required to maintain hereunder.

(b) The qualified and credentialed flight crew provided by TIC shall exercise all of its duties and responsibilities with regard to the safety of each flight conducted

hereunder in accordance with applicable FAR's. Final authority to initiate or terminate each flight, and otherwise to decide all matters relating to the safety of any given flight or requested flight, shall rest with the pilot-in-command of that flight. The flight crew may, in its sole discretion, terminate any flight, refuse to commence any flight or take any other action (including, without limitation, determining the route to be flown and the place of landing) which, in the sole judgment of the pilot-in-command, is necessitated by considerations of safety. No such termination or refusal to commence by the pilot-in-command shall create or support any liability for loss, injury, damage or delay in favor of Lessee or any other person.

9. Insurance.

(a) At all times during the term of this Agreement, TIC shall maintain at its sole cost and expense (i) comprehensive aircraft liability insurance against bodily injury and property damage claims, including, without limitation, contractual liability, premises damage, personal property liability, personal injury liability, death and property damage liability, public and passenger legal liability coverage, in an amount not less than \$200,000,000 for each single occurrence, and (ii) hull insurance for the full replacement cost of the Aircraft.

(b) Any policies of insurance carried in accordance with this Section 9 and any policies taken out in substitution or replacement of any such policies shall (i) name Lessee as an additional insured; (ii) provide that in respect of the interests of Lessee in such policies, the insurance shall not be invalidated by any action or inaction of TIC regardless of any breach or violation of any warranties, declarations or conditions contained in such policies by or binding upon TIC; (iii) include a waiver of the insurer's rights of subrogation against Lessee and a cross-liability clause which provides that except for the limits of liability, such insurance shall operate to give Lessee the same protection as if a separate policy had been issued to him; (iv) include contractual liability coverage covering TIC's indemnity obligations hereunder; and (v) permit the use of the Aircraft by TIC for compensation or hire to the extent necessary to perform its obligations under this Agreement. Each such policy shall be primary insurance, not subject to any co-insurance clause and shall be without right of contribution from any other insurance.

(c) TIC shall use reasonable commercial efforts to provide such additional insurance coverage for specific flights under this Agreement, if any, as Lessee may request in writing. To the extent that such insurance is not part of TIC's then existing coverage, the cost of such additional flight-specific insurance shall be borne by Lessee as set forth, and subject to the limitations contained, in Section 3(a).

(d) Each party agrees that it will not do any act or voluntarily suffer or permit any act to be done whereby any insurance required hereunder shall or may be suspended, impaired or defeated.

(e) At Lessee's request, TIC shall deliver certificates of insurance to Lessee with respect to the insurance required or permitted to be provided by it hereunder.

10. Taxes. Lessee shall be responsible for paying, and TIC shall be responsible for collecting from Lessee and paying over to the appropriate authorities, all applicable Federal excise taxes and all sales, use and other excise taxes imposed by any governmental authority in connection with any use of the Aircraft by Lessee hereunder. Each party shall indemnify the other party against any and all claims, liabilities, costs and expenses (including attorney's fees as and when incurred) arising out of its breach of this undertaking.

11. Lessee's Representations and Warranties. Lessee represents and warrants that:

(a) Lessee will use the Aircraft only as contemplated herein and not for the purposes of providing transportation of passengers or cargo in air commerce for compensation or hire or for common carriage.

(b) Lessee will refrain from incurring any mechanic's or other liens in connection with the Aircraft, and shall not convey, mortgage, assign, lease or in any way alienate the Aircraft or create any kind of lien or security interest involving the Aircraft or do anything or take any action that might mature into such a lien, and shall ensure that no liens or encumbrances of any kind whatsoever are created or placed against the Aircraft for claims against Lessee or by Lessee.

(c) Lessee will abide by and conform to all laws, governmental and airport orders, rules and regulations as in effect from time to time, imposed upon the lessee of an aircraft under a time sharing agreement, and all applicable company policies of TIC.

12. TIC's Representations and Warranties. TIC represents and warrants that:

(a) It shall conduct or cause to be conducted all operations under this Agreement in compliance with (i) all applicable requirements of all governmental authorities having jurisdiction, including, but not limited to, the FAA and the governmental authorities of each foreign jurisdiction in or over which the Aircraft may be operated hereunder; (ii) the terms, conditions and limitations of, and in the geographical areas allowed by, the

insurance policies required hereunder; and (iii) the operating instructions of the Aircraft's flight manual and the manufacturers' operating and maintenance instructions.

(b) Each of the Aircraft will be in airworthy condition and in full compliance with all applicable rules, including applicable rules of the FAA.

(c) In no event shall TIC suffer or permit the Aircraft to be used or operated during the Term without any of the insurance required hereunder being fully in effect or in any geographical area not covered by the policies then in effect.

13. Disclaimer of Warranties. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, TIC HAS MADE NO REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO ANY OF THE AIRCRAFT, INCLUDING ANY WITH RESPECT TO THEIR DESIGN, CONDITION, QUALITY OF MATERIALS AND WORKMANSHIP, MERCHANTABILITY, FITNESS FOR

6

ANY PARTICULAR PURPOSE, AIRWORTHINESS OR SAFETY. IN NO EVENT SHALL TIC BE LIABLE TO THE LESSEE OR TO ANY OTHER PERSON FOR ANY INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR SPECIAL DAMAGES, HOWEVER ARISING, WHETHER TIC KNEW OR SHOULD HAVE KNOWN OF THE POSSIBILITY OF SUCH DAMAGE, LOSS OR EXPENSE.

14. Indemnities.

(a) TIC hereby covenants and agrees that it shall be fully liable to, and shall promptly upon demand defend, indemnify and hold harmless Lessee and his agents, guests, invitees, licensees and employees from and against any and all liabilities, claims, demands, suits, causes of action, losses, penalties, fines, expenses or damages, including legal fees, arising out of or in connection with (i) the use, operation or maintenance of the Aircraft, (ii) the performance of or failure to perform any service or obligation which is the subject matter of this Agreement (other than those of the Lessee), or (iii) any other breach by TIC of any of the representations, warranties, covenants or agreements set forth in this Agreement.

(b) Lessee hereby covenants and agrees that he shall be fully liable to, and shall promptly upon demand defend, indemnify and hold harmless TIC and its subsidiaries and affiliates and their respective agents and employees from and against any and all liabilities, claims, demands, suits, causes of action, losses, penalties, fines, expenses or damages, including legal fees, arising out of or in connection with any breach by Lessee of any of the representations, warranties, covenants or agreements set forth in this Agreement.

15. Limitation on Liability. Notwithstanding anything in this Agreement to the contrary, Lessee shall not have any liability to TIC arising out of this Agreement for any liabilities, claims, demands, suits, causes of action, losses, penalties, fines, expenses, damages or costs other than amounts payable by Lessee pursuant to Section 3, Section 9(c), Section 10 and Section 14(b). In no event shall Lessee be liable for any indirect, special, incidental, punitive or consequential damages.

16. Relationship of Parties. TIC is strictly an independent contractor with respect to Lessee hereunder and nothing in this Agreement is intended, nor shall it be construed so as, to constitute the parties as partners or joint venturers or principal and agent. All persons furnished by TIC for the performance of the operations and activities contemplated by this Agreement shall at all times and for all purposes be considered TIC's employees or agents and TIC shall be solely responsible for their performance.

17. Governing Law; Severability. This Agreement shall be governed by and interpreted in accordance with the laws of the State of Connecticut, without regard to its choice of law rules. If any provision of this Agreement conflicts with any such law of the State of Connecticut, or is otherwise unenforceable, such provision shall be deemed null and void only the extent of such conflict or unenforceability, and shall be deemed separate from, and shall not invalidate, any other provision of this Agreement.

7

18. Amendment. This Agreement may not be amended, supplemented, modified or terminated, or any of its terms varied, except by an agreement in writing signed by each of the parties hereto.

19. Counterparts. This Agreement may be executed in counterparts, each of which shall, for all purposes, be deemed an original and all such counterparts, taken together, shall constitute one and the same agreement, even though all parties may not have executed the same counterpart. Each party may transmit its signature by facsimile, and such faxed signature shall have the same force and effect as an original signature.

20. Successors and Assigns. This Agreement shall be binding upon the parties hereto, and their respective heirs, executors, administrators, other legal representatives, successors and assigns, and shall inure to the benefit of the parties hereto, and, except as otherwise provided herein, to their respective heirs, executors, administrators, other legal representatives, successors and permitted assigns. Lessee agrees that he shall not sublease, assign, transfer, pledge or hypothecate this Agreement or any part hereof (including any assignment or transfer by operation of law) without the prior written consent of TIC, which may be given or withheld by TIC in its sole and absolute discretion.

21. Notices. All notices or other communications delivered or given under this Agreement shall be in writing and shall be deemed to have been duly given and received on the business day on which hand-delivered, or one business day after the business day on which sent by nationally-utilized overnight delivery service on a priority basis. Such notices shall be addressed to the parties at the addresses set forth above, or

to such other address as may be designated by any party in a writing delivered to the other in the manner set forth in this Section 21. Notices sent by postal service shall not be effective. For purposes of this Agreement, a "business day" is any day, other than a Saturday or Sunday, on which commercial banks in Hartford, Connecticut are authorized or required to open for business. TIC and Lessee agree that routine communications may also be made by e-mail or fax.

22. **Truth-in-Leasing Compliance.** To the extent that FAR 91.23 is applicable, TIC, on behalf of and in cooperation with Lessee, shall comply with the requirements of FAR 91.23, as amended from time to time.

[THIS SPACE INTENTIONALLY LEFT BLANK]

8

23. **TRUTH IN LEASING STATEMENT UNDER FAR SECTION 91.23:**

(A) TIC HEREBY CERTIFIES THAT EACH OF THE AIRCRAFT HAS BEEN MAINTAINED AND INSPECTED UNDER FAR PART 91.409(f)(3) DURING THE 12-MONTH PERIOD PRECEDING THE DATE OF EXECUTION OF THIS AGREEMENT, OR SUCH SHORTER PERIOD DURING WHICH THE AIRCRAFT HAS BEEN OPERATED BY TIC. EACH OF THE AIRCRAFT WILL BE MAINTAINED AND INSPECTED IN COMPLIANCE WITH THE MAINTENANCE AND INSPECTION REQUIREMENTS OF FAR PART 91.409(f)(3) FOR ALL OPERATIONS TO BE CONDUCTED UNDER THIS AGREEMENT.

(B) TIC, WHOSE ADDRESS IS ONE TOWER SQUARE, HARTFORD, CONNECTICUT 06183, HEREBY CERTIFIES THAT IT IS RESPONSIBLE FOR OPERATIONAL CONTROL OF EACH OF THE AIRCRAFT FOR ALL OPERATIONS OF SUCH AIRCRAFT UNDER THIS AGREEMENT.

(C) EACH PARTY HEREBY CERTIFIES THAT IT UNDERSTANDS ITS RESPONSIBILITIES FOR COMPLIANCE WITH APPLICABLE FEDERAL AVIATION REGULATIONS.

(D) THE PARTIES UNDERSTAND THAT AN EXPLANATION OF THE FACTORS BEARING ON OPERATIONAL CONTROL AND THE PERTINENT FEDERAL AVIATION REGULATIONS CAN BE OBTAINED FROM THE NEAREST FAA FLIGHT STANDARDS DISTRICT OFFICE.

IN WITNESS WHEREOF, TIC and Lessee have executed this Agreement effective as of the date first above written.

 COMPUTATION OF RATIO OF EARNINGS TO FIXED CHARGES**

(in millions, except ratios)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2015	2014	2015	2014
Income before income taxes	\$ 1,307	\$ 1,258	\$ 3,531	\$ 3,629
Interest	94	93	278	277
Portion of rentals deemed to be interest	18	18	50	52
Income available for fixed charges	\$ 1,419	\$ 1,369	\$ 3,859	\$ 3,958

Fixed charges:								
Interest	\$	94	\$	93	\$	278	\$	277
Portion of rentals deemed to be interest		18		18		50		52
Total fixed charges	\$	112	\$	111	\$	328	\$	329
Ratio of earnings to fixed charges		12.64		12.51		11.75		12.05

The ratio of earnings to fixed charges is computed by dividing income available for fixed charges by the fixed charges. For purposes of this ratio, fixed charges consist of that portion of rentals deemed representative of the appropriate interest factor.
